SHOES &
ACCESSORIES

WHAT'S NEW

3 We improved our “3 Steps To A Dream” pre-pointe offerings — perhaps you had the opportunity to try them already at our fitting events, but now we collected all the feedback from dancers and teachers and now we present to you our updated system to strengthen the feet and prepare to go en pointe.

N We added a new width for very narrow feet — N. The N width is available for pointe shoes based on 2007 last: 3007, 2007, Miracle, Nova, Exam, Novice, and Alice at the regular price.

R StreamPointe, the style known for its pliability, had the R (Reinforced) added to its shank options. Now dancers preferring this style can have more support, enough for advanced en pointe elements.

F Victory pointe shoes had F (Flex) added to its shank options. Now dancers preferring this shoe can have more flexibility. We are constantly redefining our pointe shoe system to ensure dancers have what works the best for them.

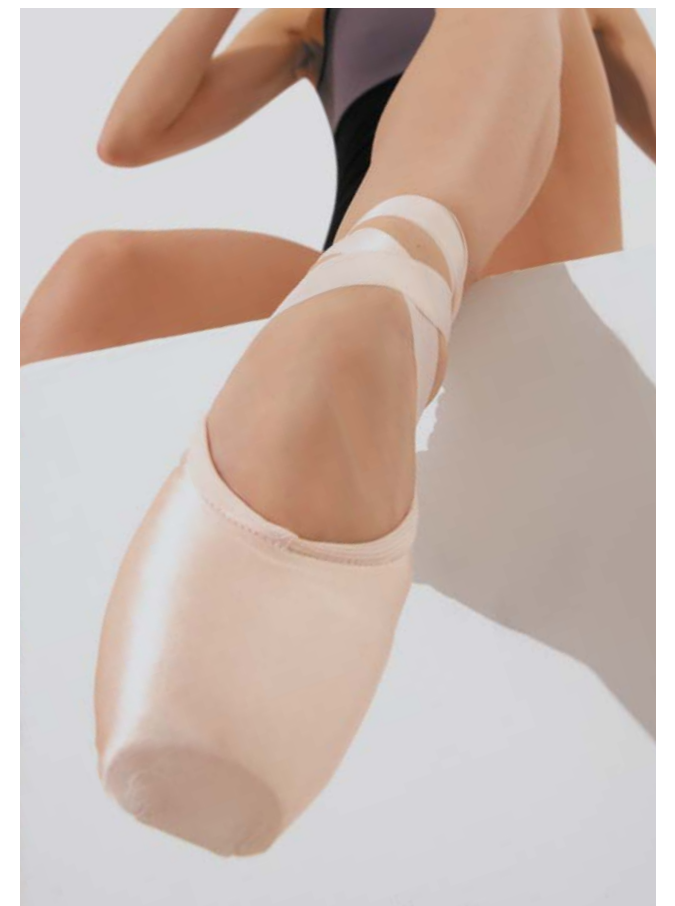

NEW MODEL

Introducing the StarPointe, our newest pointe shoe model. StarPointe is part of our Innovative Shank Construction collection. For further details, look at our pointe shoes made on the SmartPointe last.

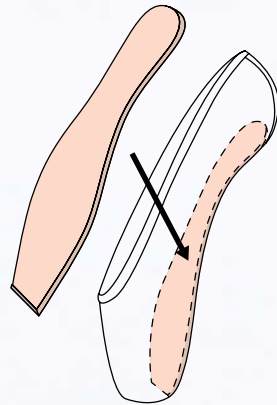

POINTE SHOES

GRISHKO® offers the widest variety of pointe shoes on the market. The number of stock model variations (model, shank, size, width, strength) exceeds 20 000, and this number doesn't include the additional technologies, colors, and individual orders with different adjustments!

Often dancers use one particular model of pointe shoes in different shanks depending on the performances they will partake in. And sometimes, they require slight adjustments to their stock model. To make this easier for our customers, we have added a number of technologies and options to fully customize fit, look and even the function of the pointe shoe.

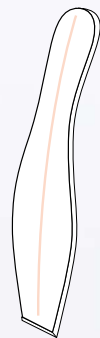

CLASSIC SHANK CONSTRUCTION

Unique fully hand crafted production based on all natural materials. The variable shank strengths and breakdown during the lifespan of the shoe keep ones foot well trained and help to prevent injuries.

CLASSIC, BUT DIFFERENT

CLASSIC
Classic strong shank preferred by professionals. Good for advanced en-pointe elements.

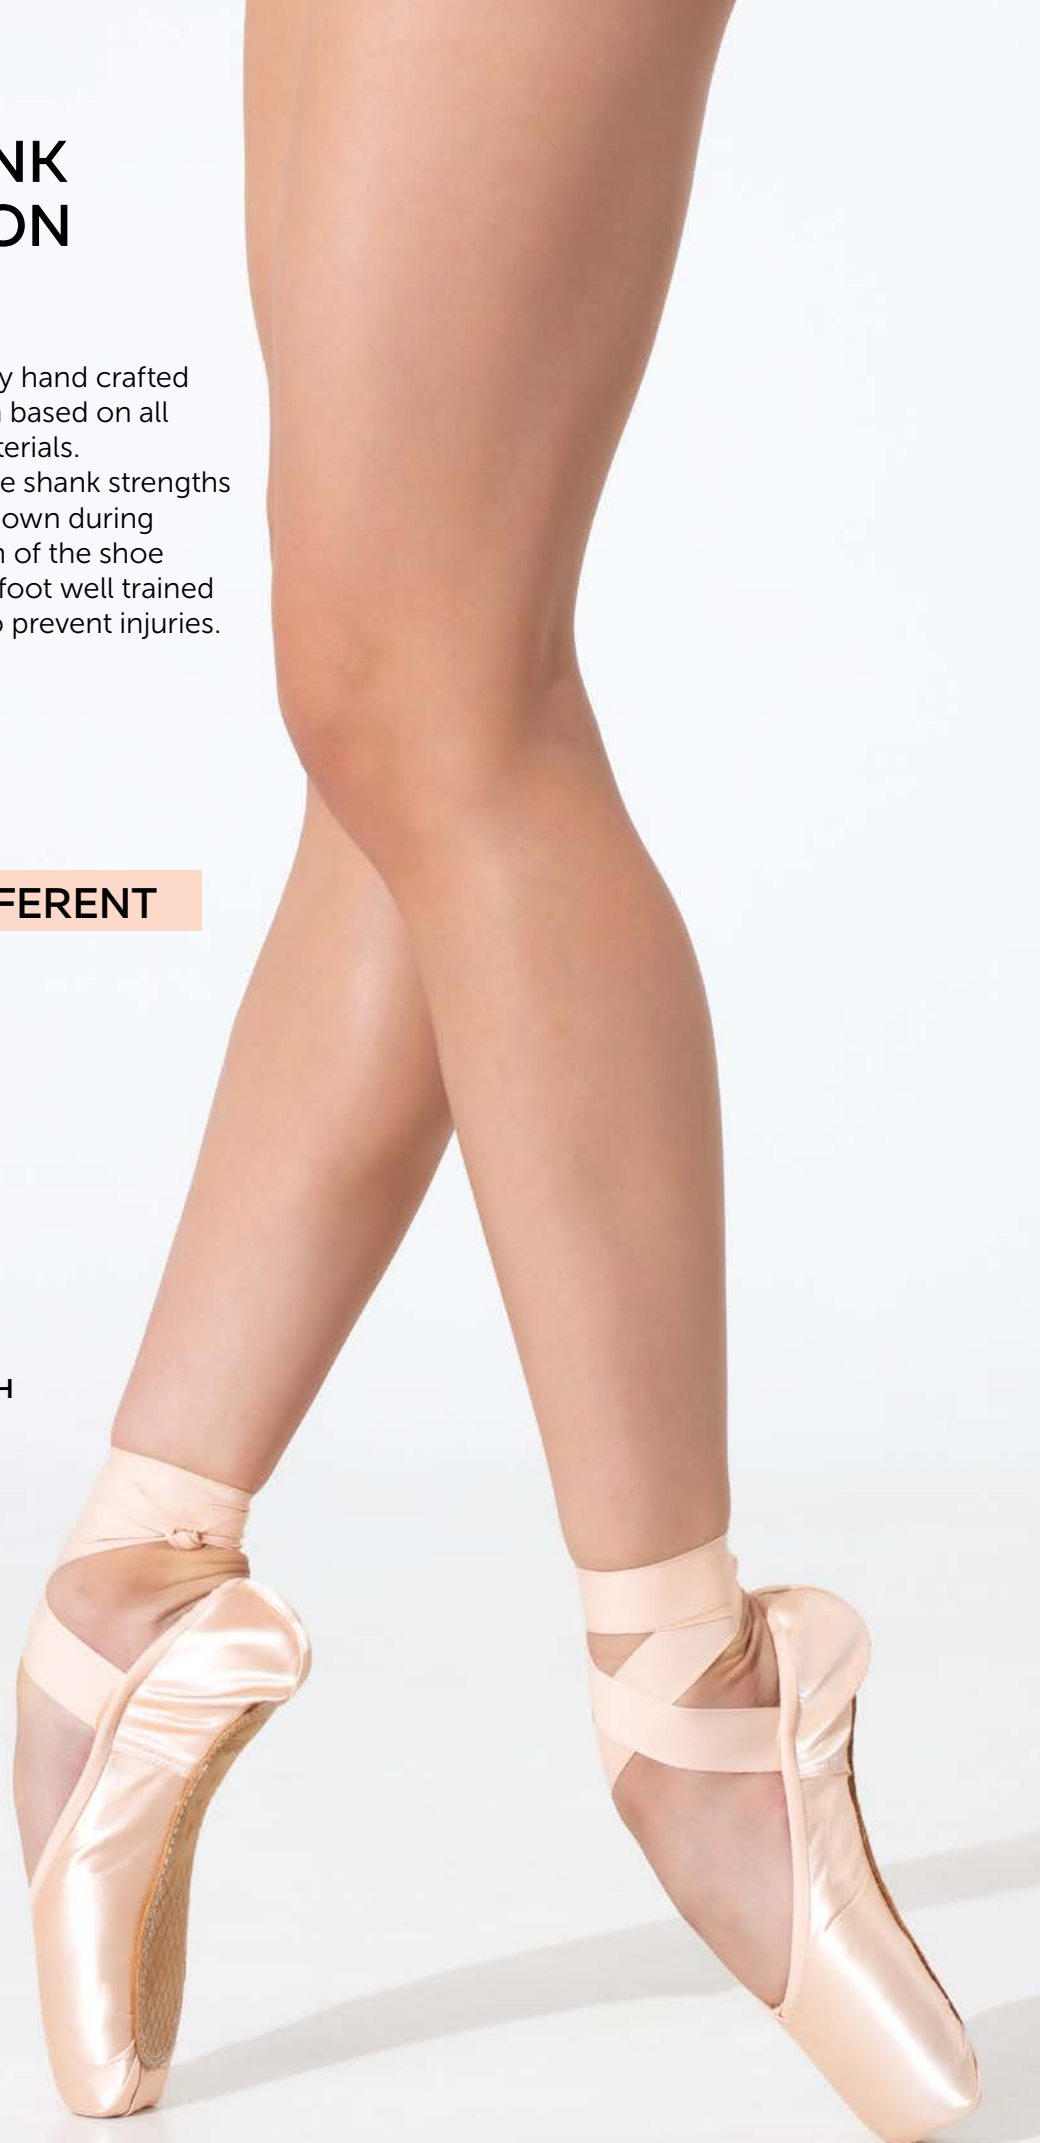

EASY ROLL-THROUGH
Easier roll-through demi-pointe to an en-pointe position for extra articulation of the metatarsal.

READY-TO-WEAR

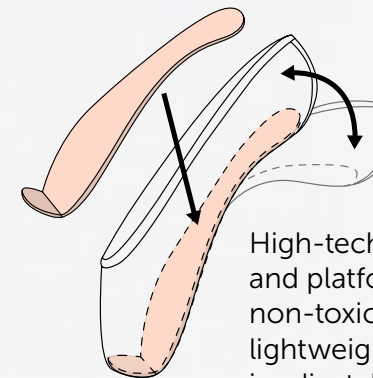

FLEX
Flexible shank, preferable for demi-pointe elements and contemporary in addition to classic en-pointe elements.

READY-TO-WEAR

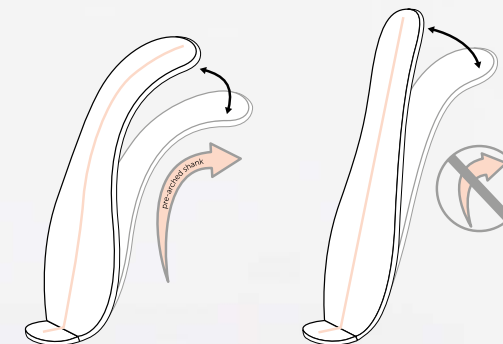

INNOVATIVE SHANK CONSTRUCTION

Flexible and supportive shanks suitable for any technique level. Long lasting performance.

High-tech cast-in insole and platform, made of non-toxic thermoformable lightweight material, is adjustable to any foot arch and muscle strength.

Unique construction using high-tech materials provides longer life span.

READY-TO-WEAR

Do not hammer

Soften the box with fingers

Do not break the shank

ATTENTION!
INNOVATIVE POINTE SHOE MODELS ARE READY-TO-WEAR.
BREAKING IN THE SHANK WILL CAUSE DAMAGE OF THE SHOES.

HOW TO CHOOSE

The fitter should first choose the last according to the foot shape and toe configuration. And next, consider box, platform, vamp and other features.

GRISHKO® offers the widest variety of stock models to fit any foot.

Our pointe shoes are based on 4 different lasts (forms):

2007, Fouette, SmartPointe and Victory.

Each last is designed to suit a particular foot and toe shape configuration. It is important to feature all four lasts for the perfect fitting experience.

*The above chart is recommended, but non-regulatory. Sometimes the best suitable pair is based on compression and development of the dancer's foot. And can be found within different GRISHKO® models.

TECHNOLOGY

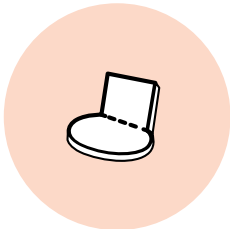

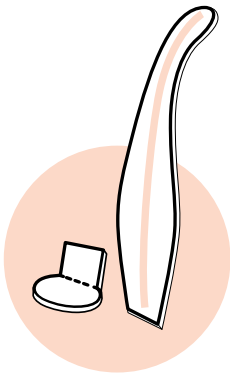

PRO

SILENCE

Innovative damping compound of "Silent knot" technology eliminates the sound of pointe shoes on any surface.

- PRO technology in machine-stitched models (Maya I, 3007, Nova, etc.) is a combination of "Silent knot" and silent insole. The insole is made of sound absorbing material, which feels slightly softer compared to classic construction.
- PRO in hand-stitched models (Fouette, Triumph): with "Silent knot" has no changes to the shank flexibility.

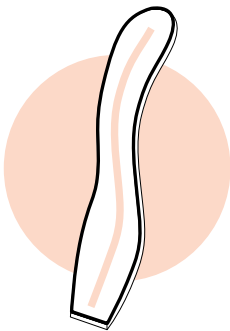

FLEX

FLEXIBILITY

- Flexible shank feels like ready-to wear, as it adapts to the arch.
- Easier to bend the shank.
- Additional comfort during roll-through to demi-pointe and en-pointe.
- Suitable for all levels from beginners to professionals. Flex shanks are often used as first pointe shoes after the demi-pointe shoes. Please, ensure you take into consideration the dancer's arch and strength.

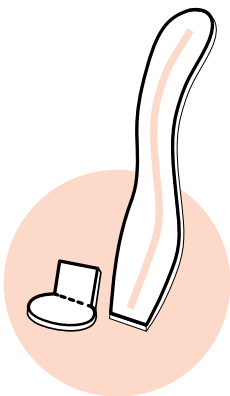

PRO FLEX

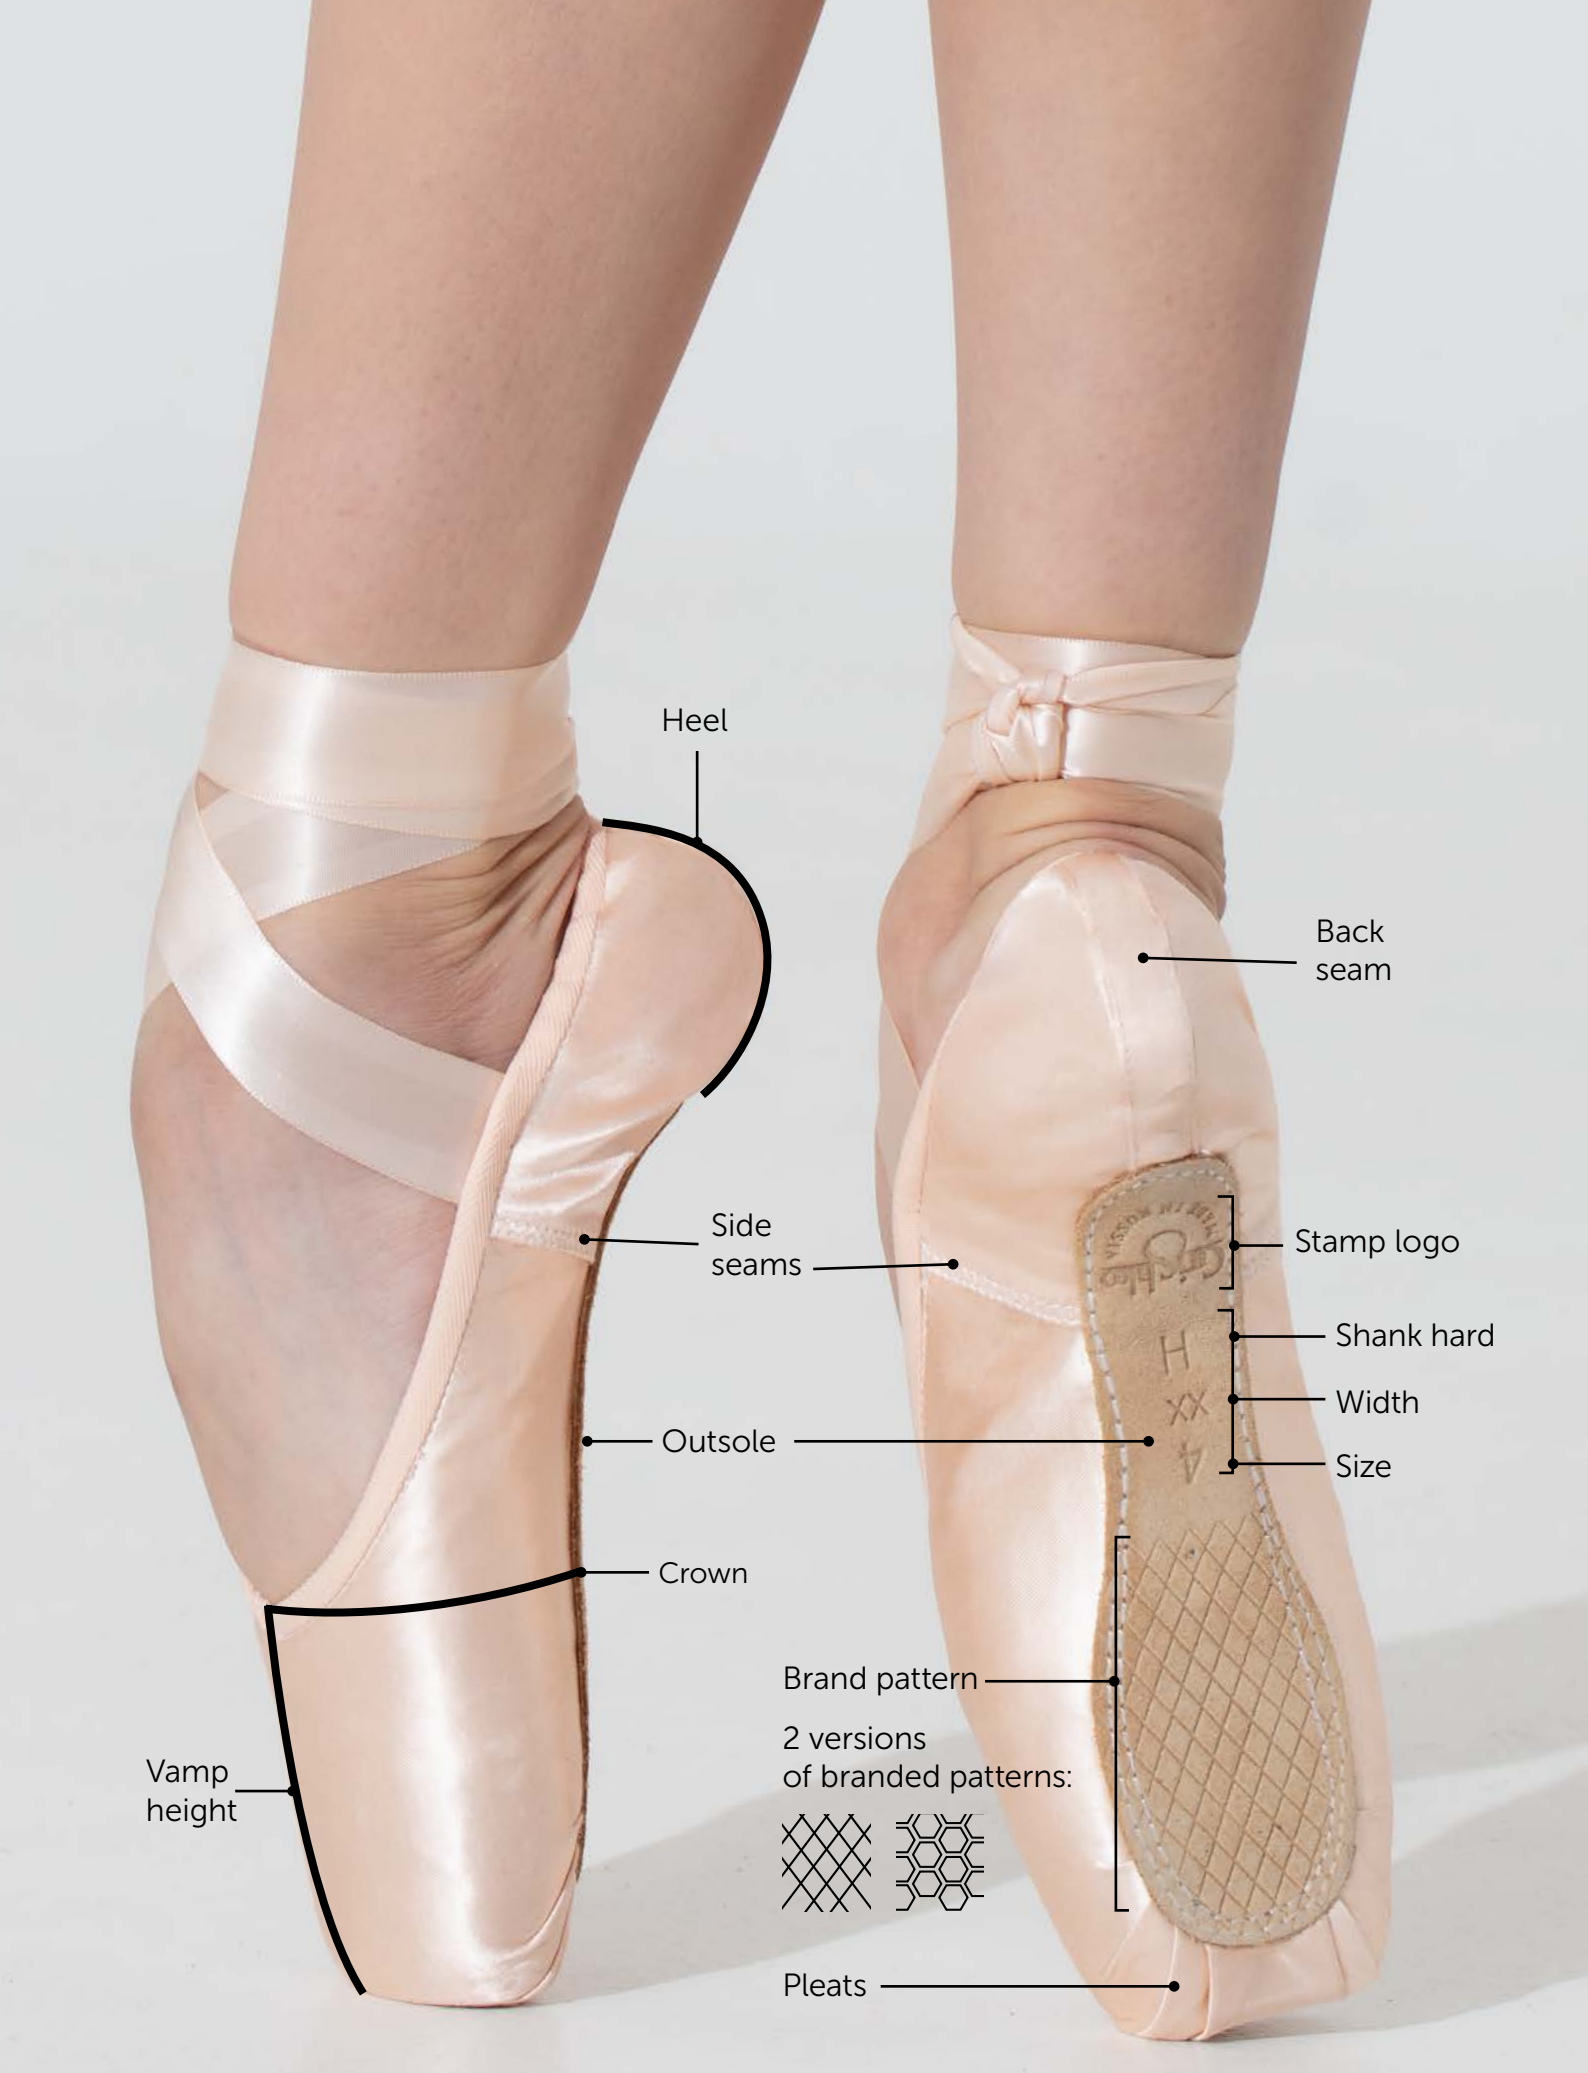

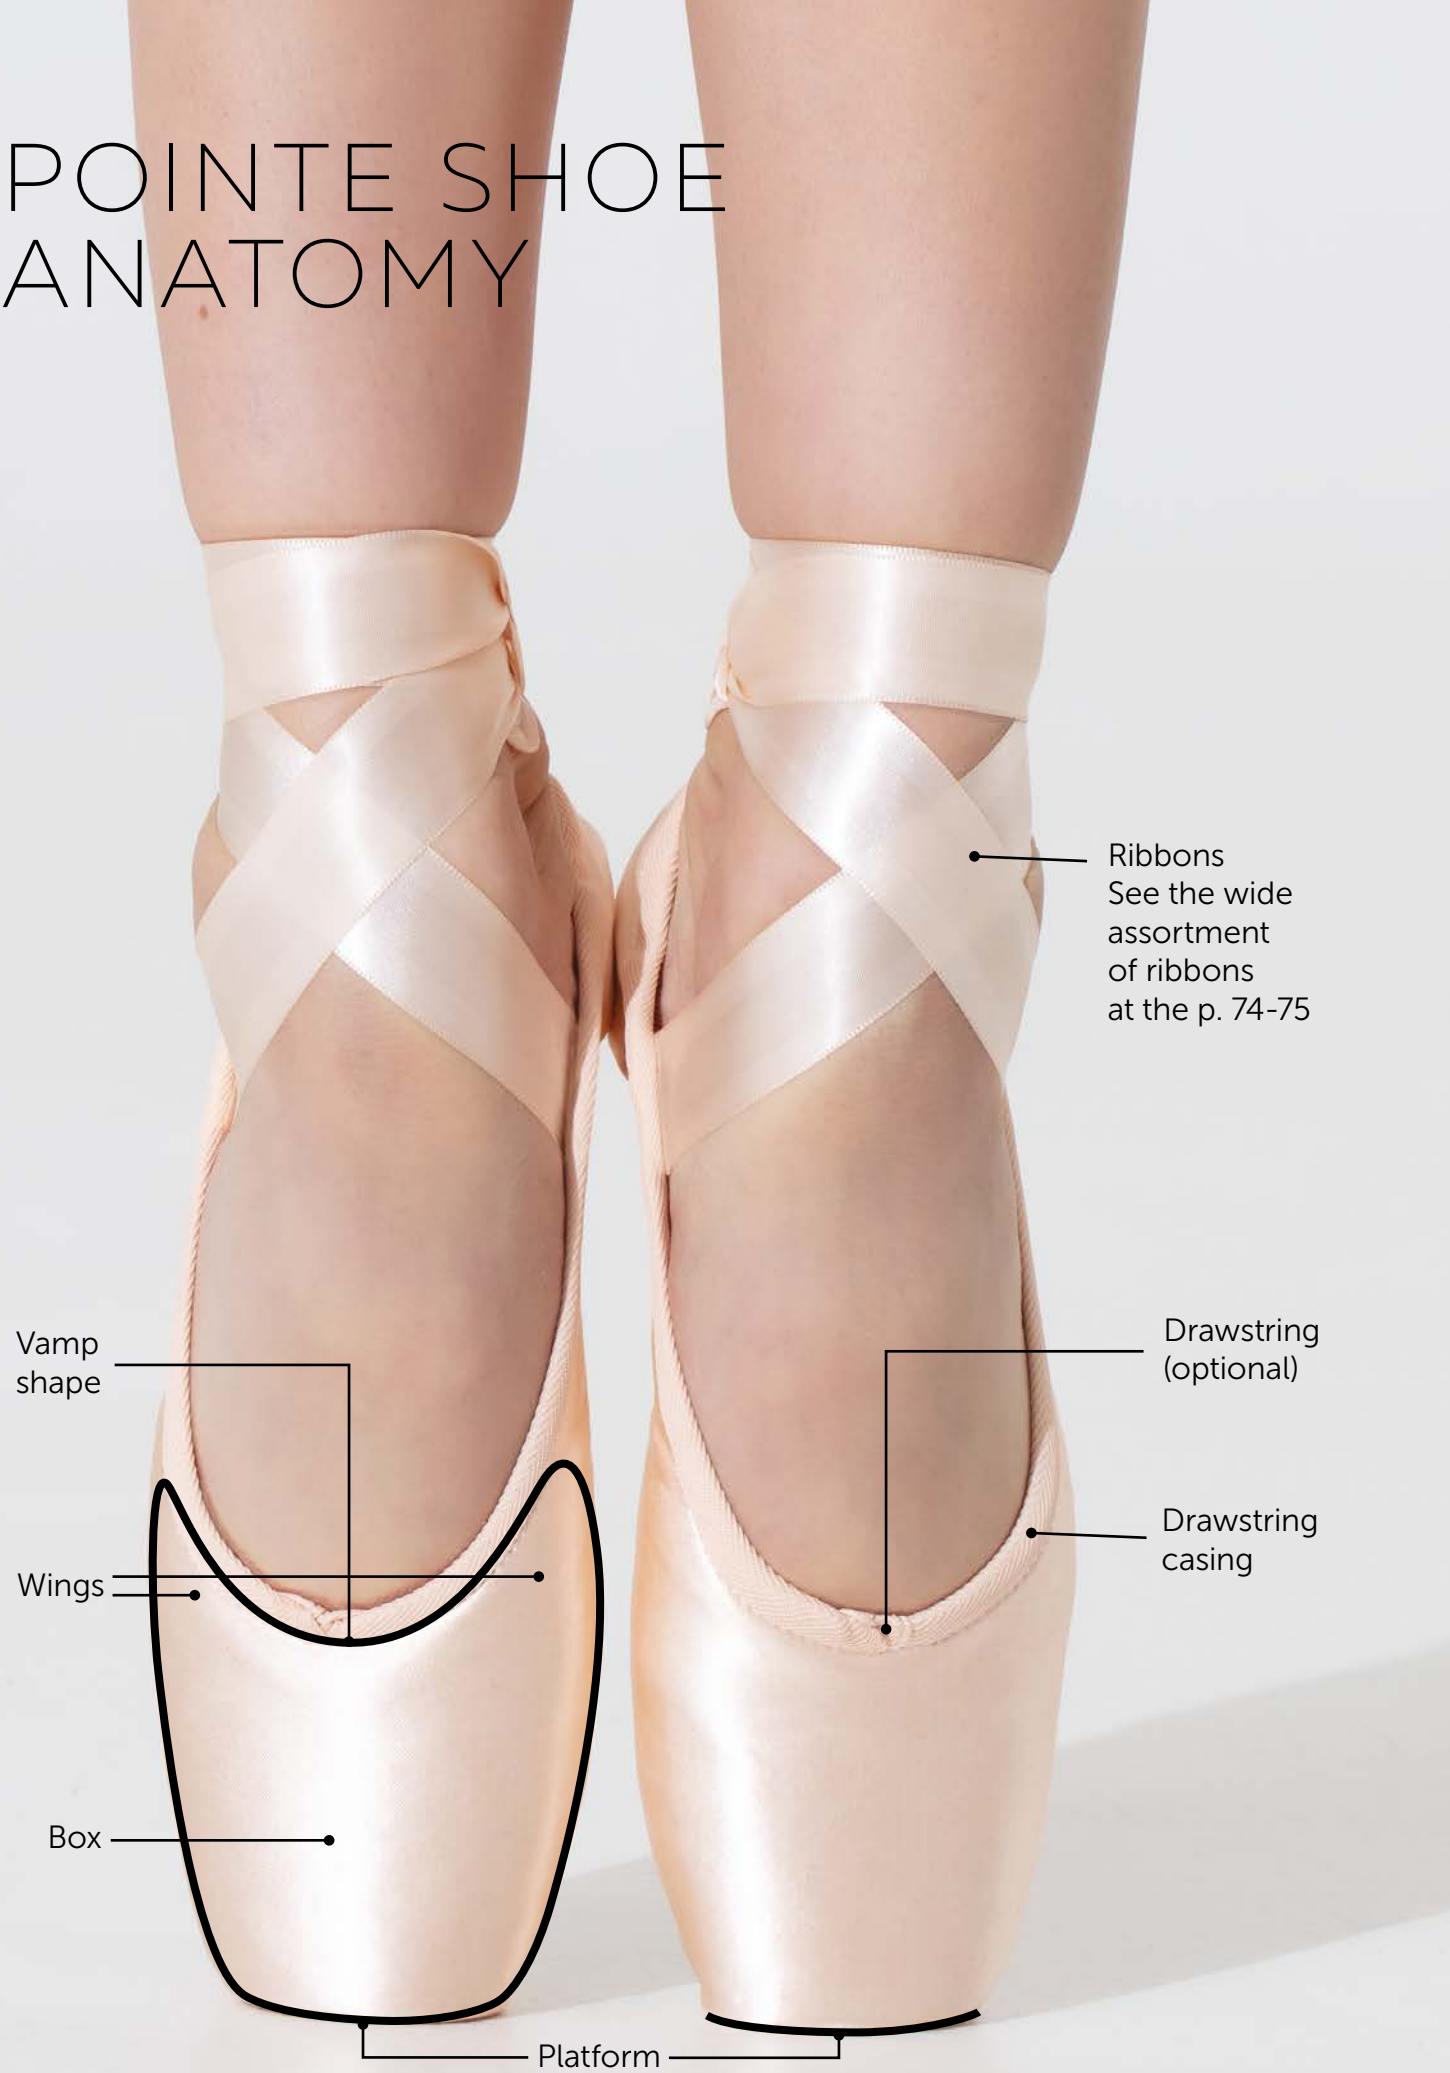

COMBINATION OF BOTH

For those who prefer only the best, we offer two technologies together: PRO to reduce the pointe shoe sound and FLEX to follow one's arch and offer flexible comfort and control of roll-through demi-pointe.

POINTE SHOE ANATOMY

OUTSOLE

The outsole of all GRISHKO® pointe shoes is made of high quality natural leather which gives additional flexibility to the foot movements owing to the leather properties.

HAND-STITCHED TURN-SHOE SOLE

A fully handmade classic method of pointe shoe production that features more flexibility and offers a longer lifespan. This outsole is fixed by a special invisible hand stitched method.

Vegan is not available 

MACHINE STITCHED SOLE

A thin leather outsole is fixed to the satin with the help of a sewing machine to protect the insole. This outsole provides flexibility and extra articulation to any model made with this method. High quality leather along with branded patterns provide traction and extra security for the dancer.

 Vegan is available

These two technologies feel different — and we recommend trying several styles before choosing the most preferable for a dancer.

BOX

Boxes of all GRISHKO® pointe shoes are made of natural materials that are breathable and safe for your skin. Jute, nettle and cotton are used in all production. These natural materials are used to keep the dancers’ feet healthy.

These types of canvas provide different features, we use different combinations to make the box and wings more adaptive or resilient, pliable or supportive.

CLASSIC GLUE

Classic glue is made of all natural materials. The glue adapts to the foot from the first day of wear, taking shape of every curvature, making it more comfortable yet resilient to daily use.

TROPICANA GLUE

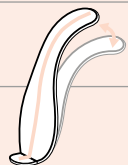

Dancers in humid climates and higher temperatures tend to wear out their shoes faster. Tropicana glue, while still made of all natural materials, has additional agents to make it more resistant to moisture and heat, making it very long lasting. We don't recommend ordering Tropicana glue for cold climate, as it can become too hard.

MIRACLE GLUE

An innovative glue with memory effect. This lightweight glue offers extreme flexibility and can be easily adapted by hand. Once formed, it retains its elasticity and suppleness. Miracle glue got its name in that it offers the ultimate in comfort and ease of movement from the first wear. Works equally well in cold, warm and humid climates.

PREPARATORY POINTE SHOES

Girls between the ages of 4–10 years wear soft ballet slippers to class. Generally, the transition to Pointe shoes is perceived to be painful for children.

The GRISHKO® Company specialists have developed a unique range of children's preparatory pointe shoes, which help children's feet to adapt gradually, step by step, without pain.

3 STEPS TO A DREAM

This line includes 3 models:

1. EXAM
2. ALICE
3. NOVICE

COLORS

ADULTS CAN DANCE
WEARING PREPARATORY
POINTE SHOES**

Exam

Last type: 2007, Victory (at request)
 Shape: Slightly tapered
 Vamp: U-cut, Medium
 Sole: Machine-stitched

1st STEP

SHANKLESS
 PRE-POINTE.

Helps to adapt the feet
 to the feeling of pointe
 shoes.

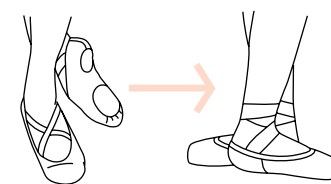

Exam

0512 Last type: 2007

0512E Last type: Victory (at request)

Allows the young dancer to get used to the shape and confinement of the toe box, with no stiffening materials in the sole. With 1/3 box length, this shoe will train the dancers foot properly by strengthening the forefoot of the dancer.

Sizes: 0,5 — 6,5
 Width: N — XXXX
 Shank: **No shank**
 Box: 1/3
 With elastic drawstring

Alice

2nd STEP

Last type: 2007, Victory (at request)

Shape: Slightly tapered,
Soft box
Platform: Medium
Vamp: U-cut, Medium
Sole: Machine-stitched

Trains the arch of the foot. Transitional model between Exam and Novice. Ideal for pre-pointe classes at the barre.

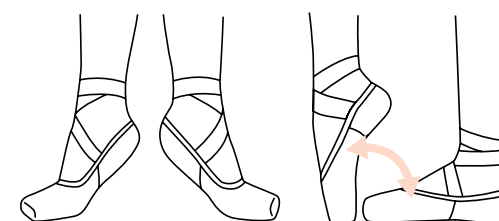

Alice

0526 Last type: 2007

0526E Last type: Victory (at request)

A unique construction of the 1/2 box length will support a dancer at the barre while rising en pointe, slight but efficient support is created by the flexible super soft or soft shank. Flannel like insole.

Sizes: 0,5 — 6,5
Width: N — XXXX
Shank: SS, S
Box: 1/2

Novice

3rd STEP

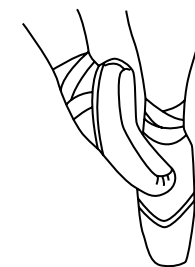

Last type: 2007
Shape: Slightly tapered
Platform: Medium
Vamp: U-cut, Medium
Sole: Machine-stitched

Ideal as the first pointe shoe for advancing beginners. Easy roll-through and softer box.

Novice 0511

Novice is the "First Pointe Shoe" for advancing beginners. Softer than other models, yet supportive. This model features a softer 2/3 box length, and very pliable shanks. Allows easily roll-through demi pointe and perform center exercises.

Sizes: 2 – 7,5
Width: N – XXXXX
Shank: SS, S, M
Box: 2/3

Pointe shoes based on Fouette last

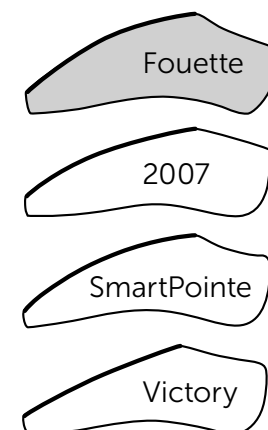

Fouette last is developed with consideration of anatomic features of the high arch and fuller tapered foot. Usually, it's Egyptian or Greek type of foot, but in wider width XXXX — XXXXX can be suitable for Roman type. Fouette is the implementation of a classic pointe shoe form — tapered and elegant.

StarPointe 0543

Based on the best selling StreamPointe model, StarPointe offers new possibilities with a different shank construction. The specially designed polymer shank is very supportive while also being flexible enough to form perfectly to any dancer's arch. A slightly raised heel offers fuller coverage and security. StarPointe features an elasticated binding for a streamlined fit.

Size: 0,5 — 9
Width: X — XXXXX
Shank: SF, MF, HF, SHF

Pointe shoes based on Victory last

This unique yet extremely versatile last was created as an improvement to the iconic Elite last. This new last features an elegant faux taper that fits all foot shapes – Egyptian, Grecian and Roman. The Victory last has a broad platform for a perfect secure balance. This last was created for feet with a low to medium arch but also works for high arch. The U shaped vamp has a medium throat along with low sides and heel to showcase the dancer's feet.

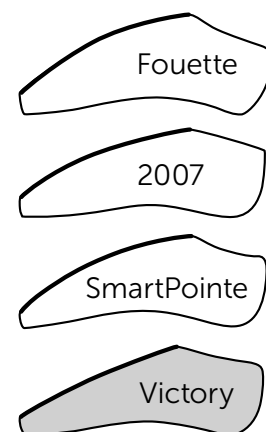

Low arch is presented on the photo

SOFT BALLET SHOES

Soft ballet shoes seem simple, but that's only an illusion. For the majority of a dancer's career, they will be training in ballet flats, and finding a perfect shoe can be challenging. We've created different styles to work for dancers of every level and feet form.

We use canvas, stretch canvas, leather, or satin to offer dancers the choice they deserve. The outsole is usually suede, but we can replace it with the cruelty-free VEGAN option on request in split sole models.

HOW TO CHOOSE

Soft ballet shoes require the same accurate fitting as pointe shoes do. Ballet flats underline the feet, protect them and support the way it's needed if they follow the shape perfectly and their features meet the dancer's needs.

Soft pleats and binding make it easy to fit soft ballet shoes to different feet forms, yet the toe lengths vary and requires different vamps. The arch and feet strength also matter, therefore we created this chart to assist you in choosing the soft ballet shoes of your DREAM.

FEET STRENGTH \ ARCH	FEET FORM	
	LONG TOES	SHORT TOES
HIGH	Model 10 Tempo Synergy DreamStretch DreamStretch 10	Performance Tempo Synergy DreamStretch (Low cut) X-Stretch
MEDIUM	LittleStar Model X Model 10 Synergy DreamStretch DreamStretch 10 X-Stretch	Performance Model X DreamStretch (Low cut) Opus X-Stretch

Natural leather Split or full sole

LYRICAL SHOES

GRISHKO® Gymnastics half-soles, or as we also refer to them as "turner shoes", are used by the Rhythmic Gymnastics Olympic team of the Russian Federation. These shoes have been tested and perfected over the years by some of the top gymnasts in the world as well as now being worn by the top contemporary dancers in the United States.

MATERIALS AND PROPERTIES

GENUINE LEATHER

Used to make the sole and the upper of the shoe. Breathable material. Adapts to the foot shape.

MICROFIBER (artificial leather)

Provides sufficient floor grip. Allows the skin to breathe. Long-lasting material.

CANVAS (100% cotton)

A breathable and hypo-allergenic type of natural fabric which can be easily dyed.

CALICO (100% cotton)

An extra thin type of fabric for proper fit.

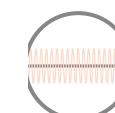

TERRY FABRIC (100% cotton)

Ensures dry skin and protects the foot.

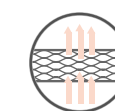

NON-SLIP SILICON

The shoes straps are covered with special non-slip silicon to ensure that the shoes fit perfectly even when performing complex movements.

FLAT SEAM

The sole and the upper are sewn together in such a way as to ensure that the seam is flat and even highly sensitive foot is guaranteed exceptional comfort.

ELASTIC YARN THREAD (Polyamide)

Special type of elastic yarn used for sewing ensures that the shoe perfectly matches the shape of the foot.

ELASTICATED BINDING

Due to elasticated binding the shoe securely hugs the foot and offers considerable comfort.

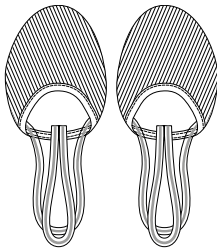

Dream-Turner

Long lasting four way stretch canvas that is strong and resilient with a shock absorbing padded insole and terry lining. Flat seams, full microfiber outsole and unique pleat-less construction offers comfort, durability and the best look to any foot on stage or rehearsal.

Vamp: High
Sole: Microfiber

Size: one size

Pointe shoe dryers

0559
Color: ● Pink
Filler: Silica Gel

This is something every fitter should offer with every pair of pointe shoes. These little helpers work wonders, eliminating the smell and pulling moisture right out of used pointe shoes. Our dryers add at least 30% lifespan to the box of your dancers pointe shoes. They must be replaced every three months for best results.

DIY Adjust the form of caps to the required size with the help of scissors.

CLASSICAL RIBBONS

Classical satin and cotton ribbons for dancers of all levels. Tightly secure the pointe shoe on the foot, provide maximum support.

Satin ribbon

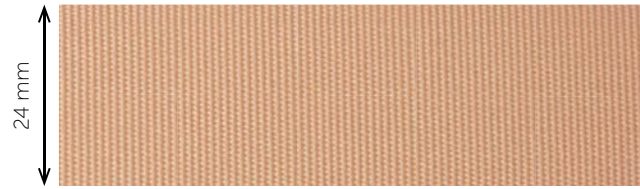

0510/9 **0510/9R**
Width: 24 mm Roll of 50 m
Pack of 2 m
Color: ● Ballet Pink ● Dark Nude

Satin ribbon of white, black, ballet pink colors to match pointe shoes. Classic look with a light sheer.

Cotton ribbon

0510/1 **0510/1R**
Width: 24 mm Roll of 50 m
Pack of 2 m
Color: ● Ballet Pink

Cotton-like ribbon as matte surface prevents the ribbon from sliding off and grants a classic look.

Satin ribbon with silicone

0002/6 **0002/6R**
Width: 25 mm Roll of 50 m
Pack of 2 m
Color: ● Ballet Pink

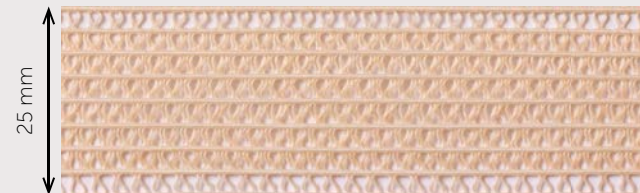

Satin ribbon with silicone is perfect for dancing without tights as silicone securely fixes the ribbon on naked skin.

ELASTICS

Elastics are usually used in addition to ribbons to provide flexible fixing of pointe shoes on the feet. Some professional dancers use only elastics to fix their pointe shoes and create a contemporary look.

Mesh elastic

0002/3 **0002/3R**
Width: 25 mm Roll of 25 m
Pack of 1 m
Color: ● Ballet Pink

Mesh elastic for those who prefer flexible fixing of the arch and ankle. Match the color of pointe shoes and theatrical pink ballet tights.

HYBRID RIBBONS

A perfect balance that gives you enough support but allows a greater range of movement.

Satin ribbon with pre-sewn elastic

0510/4
Width: 24 mm
Pack of 2.2 m (4 x 60 cm)
Color: ● Ballet Pink

Satin ribbon with pre-sewn mesh elastic

0510/3
Width: 24 mm
Pack of 2.2 m (4 x 60 cm)
Color: ● Ballet Pink

Features elastic inserts that are placed on the Achilles tendon. The inserts reduce pressure on this sensitive area and help prevent tendonitis. A bestseller that combines the flexibility of mesh / elastic mesh and the classic look of satin ribbons.

ELASTICIZED RIBBON

Maximum flexibility that allows natural flexion of your heel and ankle.

Elasticized ribbon

0002/7 **0002/7R**
Width: 25 mm Roll of 50 m
Pack of 2 m
Color: ● Ballet Pink

The elasticized ribbon feels very comfortable while dancing.

Transparent mesh elastic

0002/2 **0002/2R**
Width: 28 mm Roll of 25 m
Pack of 1 m
Color: ○ White

Grants a flexible fixing, being almost invisible even on the naked skin. Choose between transparent and nude to match the color of pointe shoes and tights.

Elastic

0002/1 **0002/1R**
Width: 13 mm Roll of 20 m
Pack of 1 m
Color: ● Ballet Pink ○ White ● Black ● Tan

Best option for soft ballet shoes and contemporary dance.

Moleskin toe pads

1020

Size: S, M, L, XL

Color: ● Pink

Supportive and soft toe pads for the best possible fit and comfort. The extra-thin design allows dancers to feel the floor while preventing blisters and corns. This innovative pad is adjustable in length, just cut them down to your dancers foot.

HOW TO CHOOSE

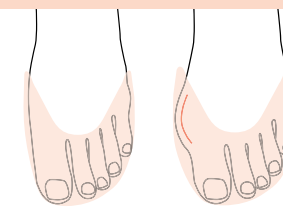

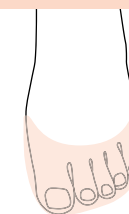

REMEMBER!

No space should be left between the pointe shoe inserts and toes, and inserts should always cover bunions. The comfort in the box depends on correctly fitted pointe shoes and pads.

Short toes /
No valgus

Long toes /
Valgus

Sensitive
feet

SILICONE TOE PADS

Made of medical silicone to protect foot: thick in the bottom, thin on the toes.

ART. 1009A

ART. 1009B

ART. 1006

PERFORATED SILICONE TOE PADS

Microperforation makes these pads breathable.

ART. 1010A

ART. 1010B

MOLESKIN TOE PADS

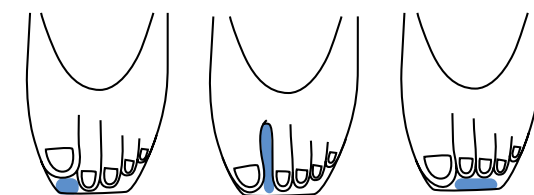

Extremely thin with a soft-to-touch moleskin upper lining these toe pads will fit your foot like a glove, providing unsurpassed comfort.

ART. 1020

ART. 1020

MINI SILICONE TOE PADS

Can be used on their own or in addition to any other pads above. Use one or two mini silicone pads to separate toes when needed, and remember they have different sizes that allow ballerinas to combine them different ways. Strongly recommended if there is large space between toes.

HOW TO FIND YOUR RIGHT SIZE

- How to measure and identify GRISHKO® pointe shoe size:
- 1) Take a piece of A4 paper and put ballerinas' foot on it, draw the contour of the foot with a pencil; the pencil should be held under an angle of 90° (perpendicularly). Draw and measure the left and right foot, as they can differ.
 - 2) Measure the distance from the heel to the endpoint of the toe (in mm);
 - 3) Find the result of the measurements in the table. In case the measurement in between two sizes, we recommend taking a bigger one, as pads and tights also have a certain thickness.

How to choose the width

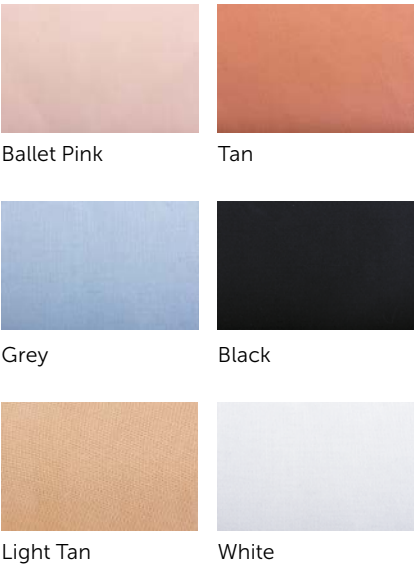

GRISHKO® offers pointe shoes in 7 different widths:
N – for extremely narrow feet
X – for narrow feet
XX and XXX – for medium feet
XXXX – for wide feet
XXXXX-XXXXXX – for super wide feet

Measure your foot at its widest place (where the bunions are) to identify the required width the pointe shoes. Relate the result to the table data and identify your width. It is recommended to choose a width that provides a firm and painless fit. If you notice wrinkles on the fabric and gaps between the shoe and the foot, it means you need less width.

HOW WE HELP RETAILERS BOOST SALES

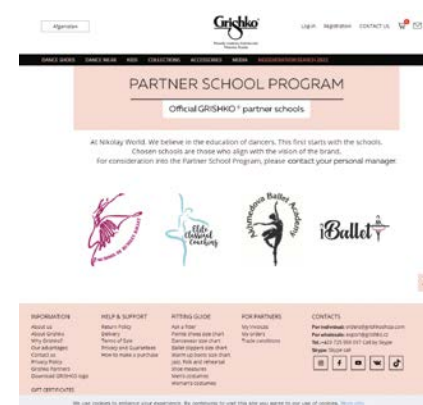

When our retailers prosper, we prosper, too. That is why we have a wide range of marketing tools to help you sell our products.

MEDIA MATERIALS AND DESIGN

We provide retailers with high-resolution photos of our products that you can use in store or online. We can also create designs for your stand, brochures and other promotional materials that feature our products on request.

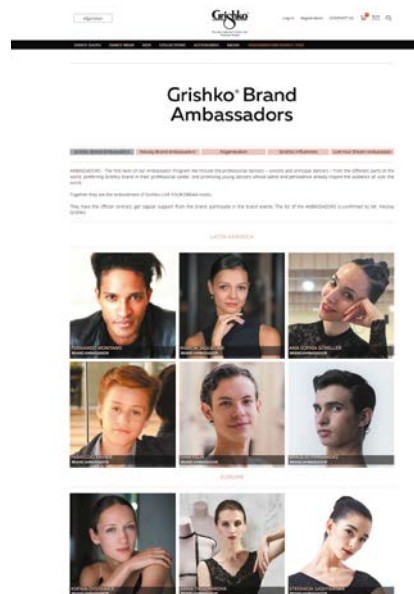

Contact your international brand manager or your sales representative to discuss if you need any promo materials.

PARTNER SCHOOLS

We are a retailer-centric company, therefore we created a program uniting ballet schools, retailers, and an amazing quality of handmade in Russia products.

For consideration into the Partner School Program, please contact your personal manager.

AMBASSADORS

To better promote GRISHKO® products, you can rely on the strong brand image we built both on social media and in the professional world of ballet with the help of our ambassadors.

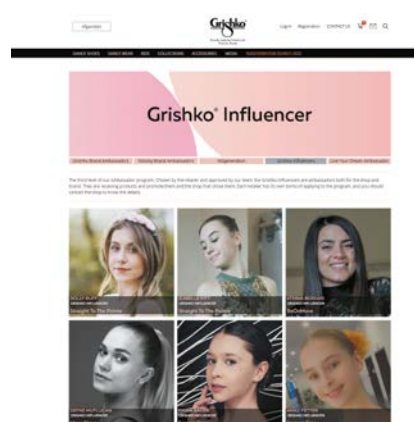

GRISHKO® Brand Ambassadors

are the first level of our Ambassador Program. We engage professional ballet artists — soloists and principal dancers — as well as promising young talents who inspire hundreds of thousands of ballet lovers all over the world.

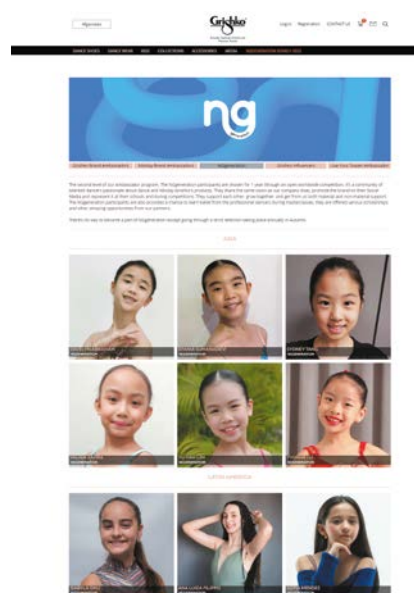

Our Brand Ambassadors are true icons of dance, winners of most prestigious ballet contests who have both impeccable ballet technique and strong media presence. Together, they promote the GRISHKO® brand and embody our motto — LIVE YOUR DREAM.

They have an official contract, get regular support from the brand, and participate in the brand events.

GRISHKO® Market Influencers are the second level of our Ambassador program designed specifically to boost online presence of GRISHKO® partners retailers. Each store can choose their own influencer to promote them — and we will provide them with a welcome package and 1 pair of pointe shoes monthly.

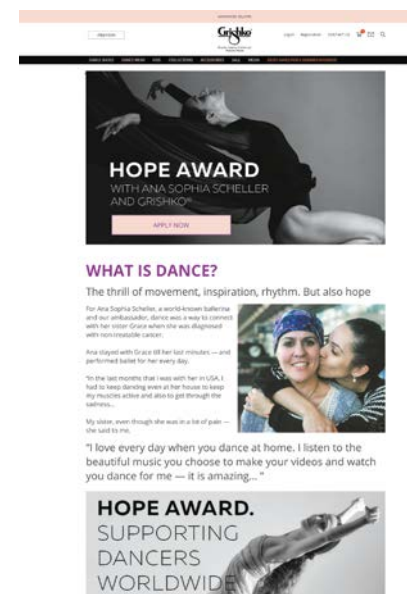

GRISHKO® Influencers create engaging content for your store, and we regularly feature both your influencer and your store on our social media accounts — so you can reach an audience of more than 180 000 loyal GRISHKO® / NIKOLAY® customers. Each retailer has its own terms of applying to the program.

NGgeneration is the third level of our Ambassador program. The NGgeneration participants are aspiring dancers chosen for 1 year through an open worldwide competition.

It's a community of talented ballet artists passionate about dance and Nikolay Grishko's products. They share the same vision as our company does, promote the brand on their Social Media and represent it at their schools and during competitions.

They support each other, grow together, and receive both material and non-material support from GRISHKO®. The NGgeneration participants are also provided a chance to learn ballet from the professional dancers during masterclasses, they are offered various scholarships and other amazing opportunities from our partners.

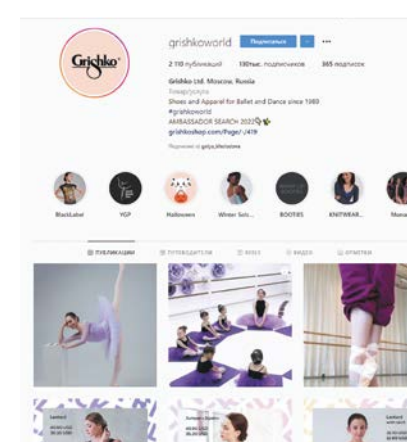

HOPE

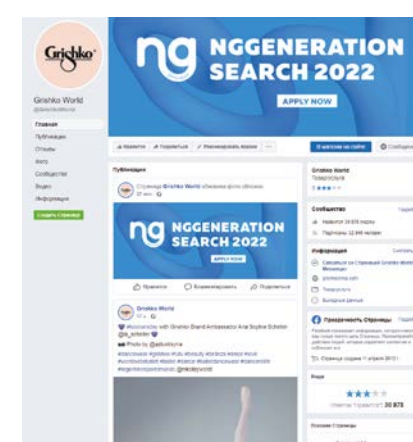

A soon-to-be-launched charity campaign designed to support dancers in need. We will choose three dancers who overcame their struggles through the power of art. They will receive GRISHKO® products and personal mentorship from our brand ambassador Ana Sophia Scheller.

The campaign will feature special merchandise — hoodies, badges, etc. and will be promoted online and in partners' stores. The project will help you enhance your store image as a socially aware business that helps dancers worldwide live their dream — with GRISHKO®.

@grishkoworld is great opportunity to feature your store and share all the news regarding new arrivals and in-store events announcements.

FOR FEET WITH MEDIUM AND HIGH ARCH

Recommended lasts: 2007, Fouette, SmartPointe

ATTENTION:
Size chart is provided as a reference and an approximate guide only and does not guarantee an exact or perfect fit.
The proper fit of pointe shoes depends on individual foot shape and toe pads used by dancer.
The recommended way to determine correct pointe shoe size is to be fitted in local shop.
