INTRODUCING NEOPOINTE

**IN A REVOLUTIONARY TWIST,
WE ARE NOW OFFERING OUR
LATEST CREATION!**

We are proud to announce the NeoPointe, our new pointe shoe model made on the SmartPointe last. This new pointe shoes will satisfy nearly every dancer in the world. There is literally nothing else like this pointe shoe on the market or in the world. The shank is extremely pliable all throughout to allow for perfect articulation.

POINTE SHOES

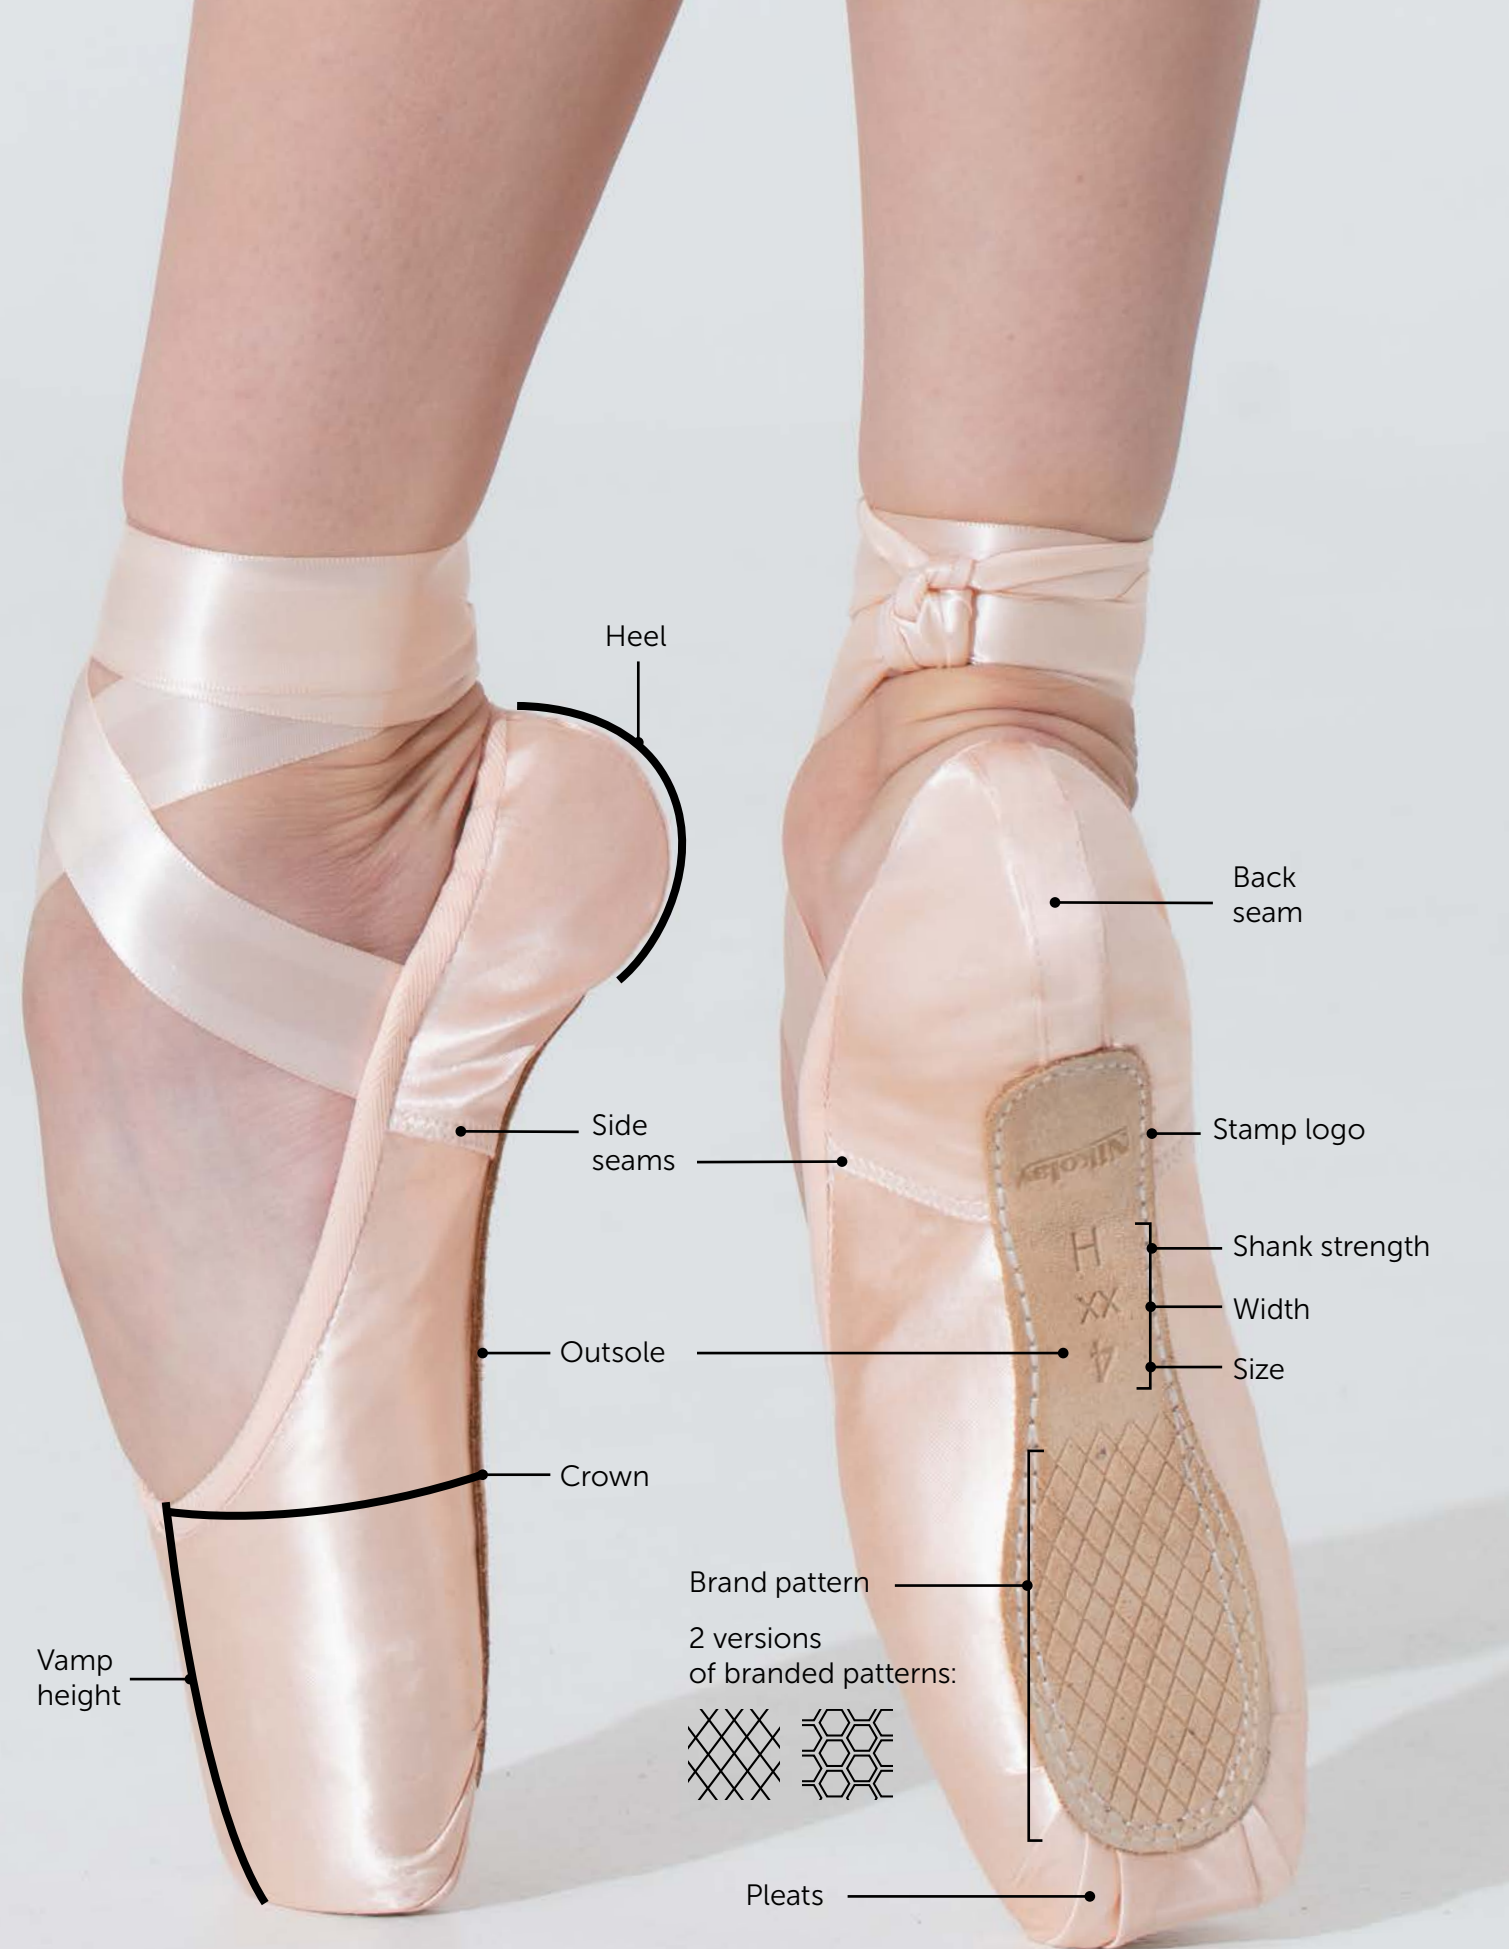

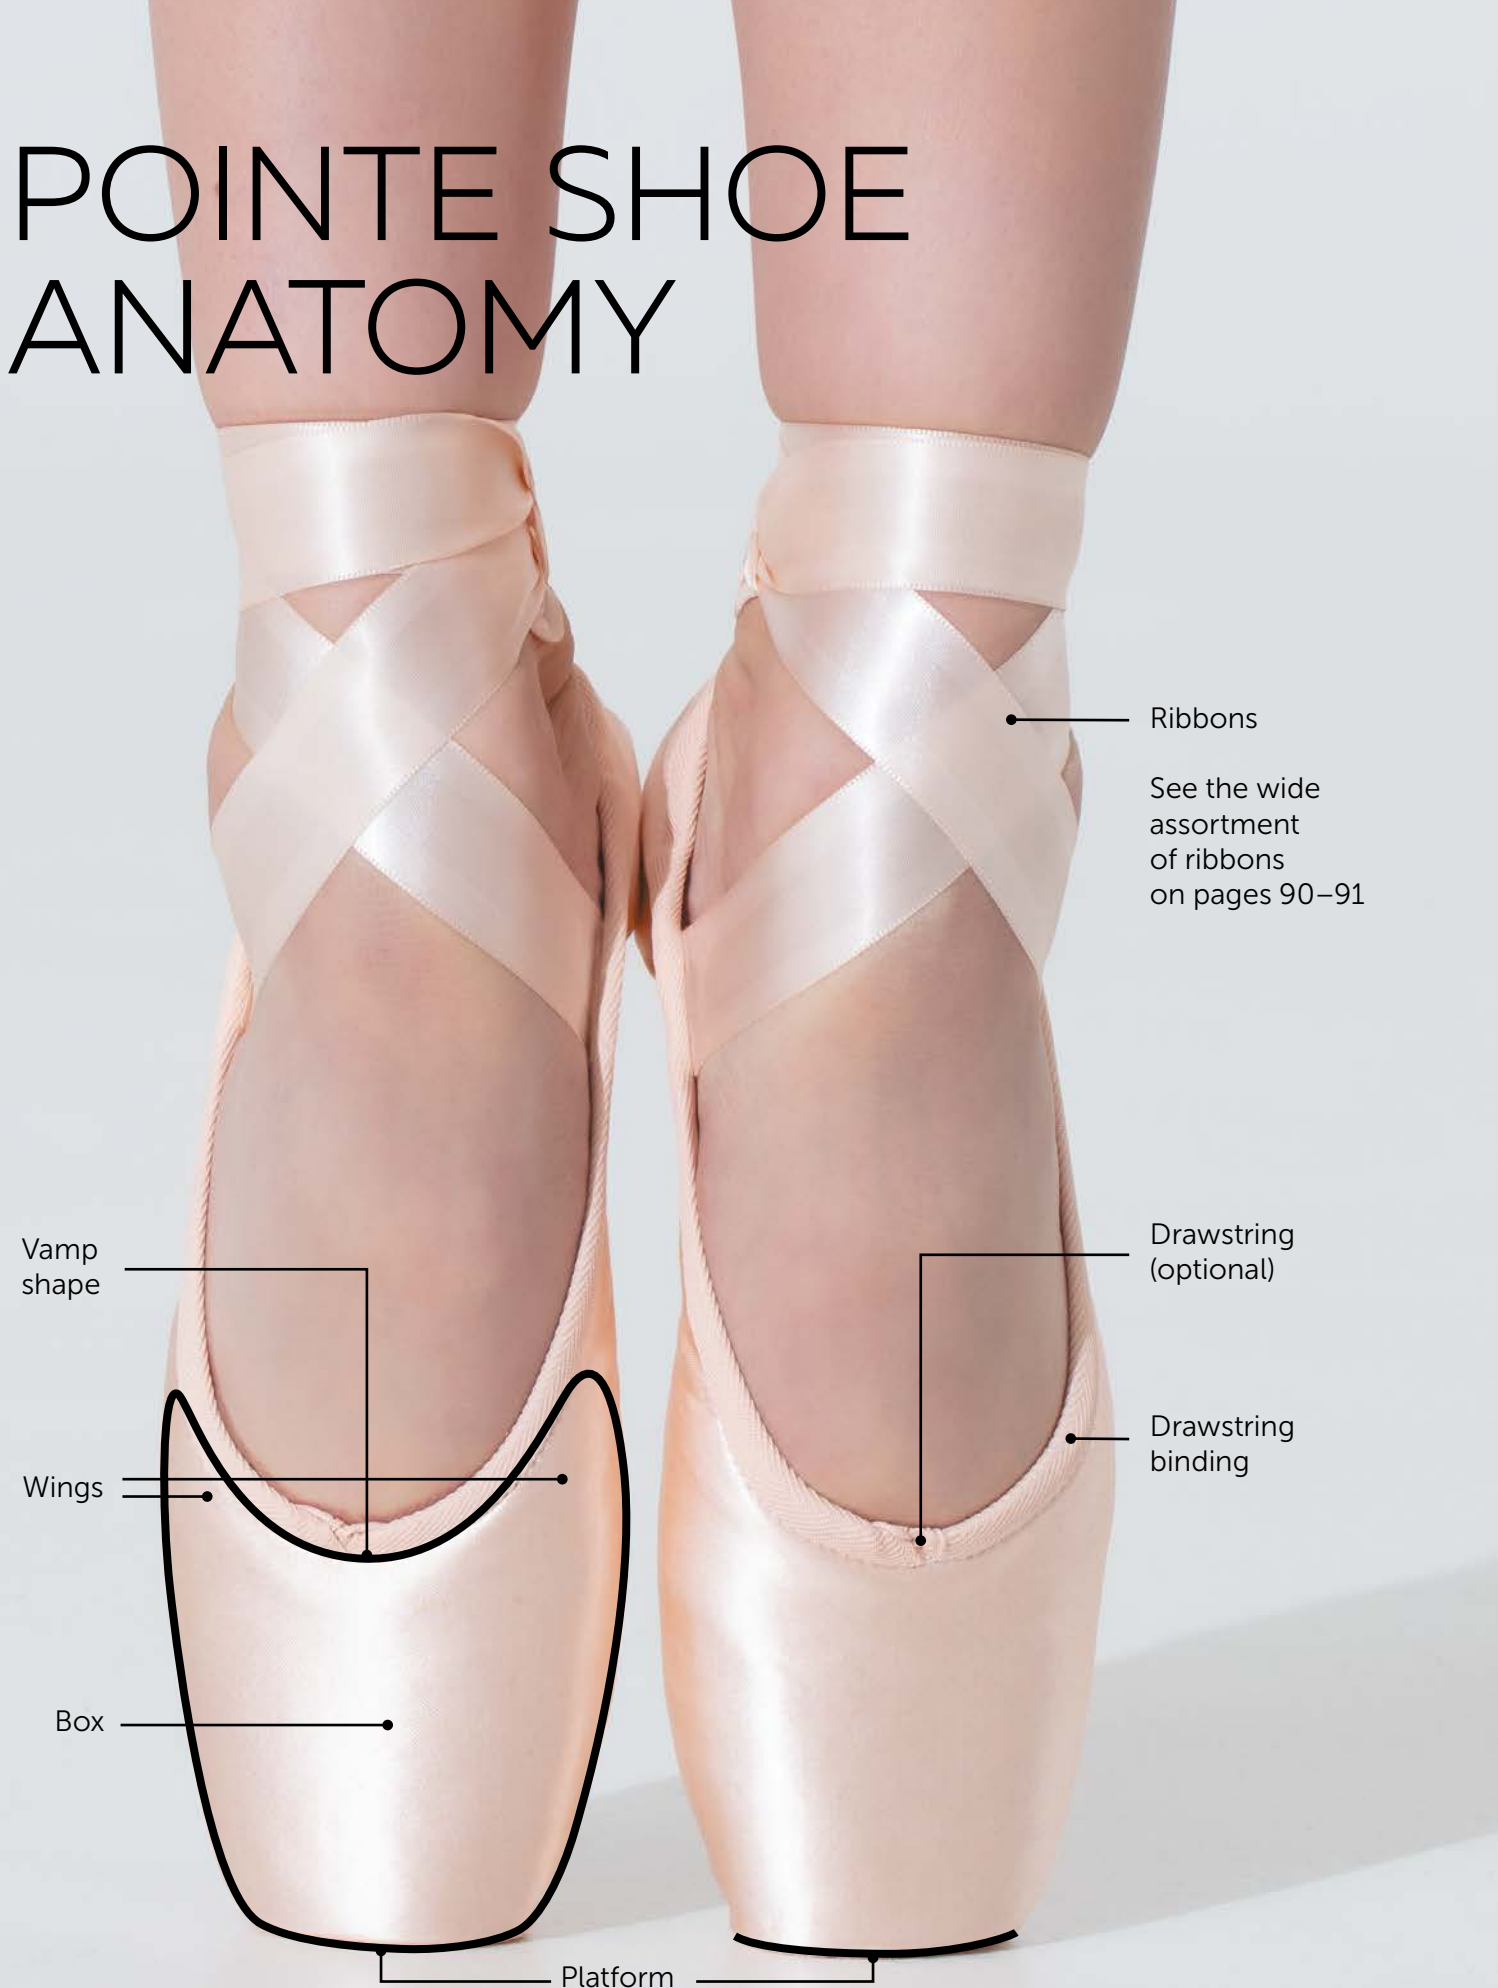

NIKOLAY® offers the widest variety of pointe shoes on the market. The number of stock model variations (model, shank, size, width, strength) exceeds 20000, and this number doesn't include the additional technologies, colors, and individual orders with different adjustments!

Often dancers use one particular model of pointe shoes in different shanks depending on the performances they will partake in. And sometimes, they require slight adjustments to their stock model. To make this easier for our customers, we have added a number of technologies and options to fully customize fit, look and even the function of the pointe shoe.

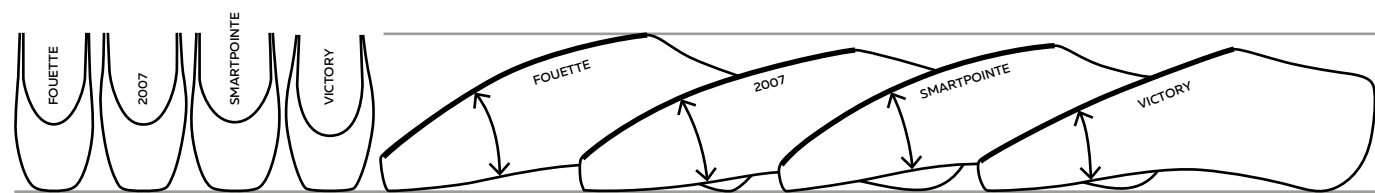

All of our pointe shoes pass through three steps of quality control. Under the binding, you can see handwritten characters which designate the shoe technologist, the model number and the date that the shoes were made. This information confirms that your NIKOLAY® shoes were made by our professional shoe makers who are trained artisans in this craft.

POINTE SHOE ANATOMY

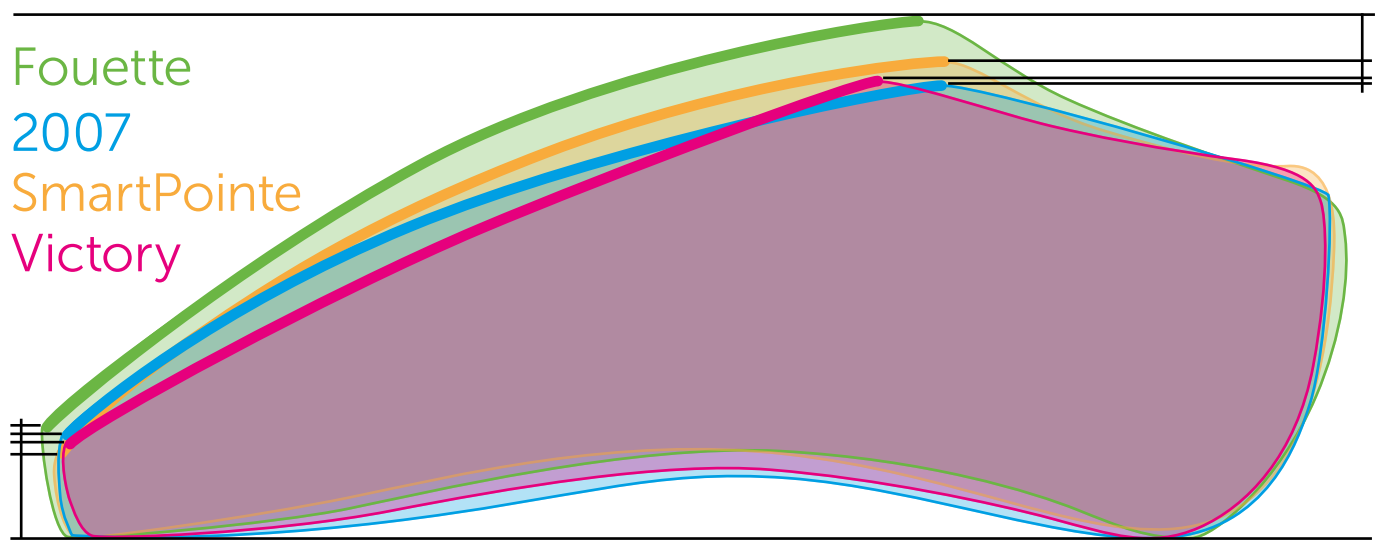

NIKOLAY® POINTE SHOE SYSTEM

We have developed a comprehensive system of pointe shoes based upon the lasts. Each last is made to fit different foot shapes. Most lasts have multiple models that differ in the details: the depth of the vamp, the height of the sides and heel, the material of the insoles, etc. But the internal space of models created on the same last remains the same. Initially we begin with the physical parameters of the foot, so that our pointe shoes are anatomically correct AND safe for your feet.

FOUETTE 2007 SMARTPOINTE VICTORY

The last is the main attribute, which creates the inner form of pointe shoes. It is the base for proper support, health, and comfort. NIKOLAY® pointe shoes are the most customized in the world. All of our pointe shoes are based on four unique lasts: Fouette, 2007, SmartPointe and Victory. Each last accommodates different configurations of foot and toe shapes.

HOW TO CHOOSE

The fitter should first choose the last according to the foot shape and toe configuration.

And next, consider box, platform, vamp and other features.

NIKOLAY® offers the widest variety of stock models to fit any foot.

Our pointe shoes are based on 4 different lasts (forms): 2007, Fouette, SmartPointe and Victory.

Each last is designed to suit a particular foot and toe shape configuration.

It is important to feature all four lasts for the perfect fitting experience.

Innovative pointe shoes

*The above chart is recommended, but non-regulatory. Sometimes the best suitable pair is based on compression and development of the dancer's foot. And can be found within different NIKOLAY® models.

CARE ABOUT THE FUTURE

We take great measures to do our part for the environment, including constantly looking into ways to lessen our carbon footprint and using sustainable materials whenever possible.

RECYCLED CARD BOARD

At NIKOLAY®, we care not only about the sizes, variety and quality of our shoes, but also about the source of all our raw materials.

These tests were performed hundreds of times to prove their features of both pliability as well as strength. Truly incredible!

LEATHER CARD BOARD

Most of our pointe shoe models' insoles are made with the use of recycled ingredients. We meticulously search for high quality and natural materials, which answers the closed loop and nature saving concept.

90%
OF NATURAL
INGREDIENTS

This product is a result of sustainability high production standards. The card board is made from only top quality leather remainders with the addition of all natural renewable raw-materials like natural latex. The factory meets the highest quality requirements for a "green" future.

This thicker leather card board is used in all of our FLEX shanks as well as our newer more flexible models like StreamPointe and NeoPointe. This is the main source of the flexibility and durability of those models. It is both pliable and strong.

This thinner leather card board is part of the shank that is combined with our cellulose to create our classic stable yet flexible models. While the leather card board provides flexibility and adaptive features to the shank, the cellulose part gives additional support and durability as well as absorbs moisture.

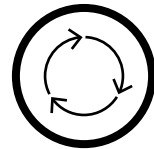

The leather used for our card board is certified by OEKO-TEX and the factory is certified by EMAS (Eco-Management and Audit Scheme) and ISO 9001.

Resistant
to breaking
and flaking

Moisture
absorbing

Recycled
leather

Super
pliable

LEATHER CARD BOARD

Our leather card board is extremely flexible yet durable. With each additional bend, it becomes softer and more flexible but it will never break. Isn't this absolutely amazing?

CELLULOSE CARD BOARD

The cellulose card board of our insoles requires special attention too. It is used with highest quality recycled cellulose.

82%

OF RENEWABLY
SOURCED FIBERS

Together with latex polymers, cellulose fibers have anti-fungal and anti-bacterial properties which is very important in the production of pointe shoes. It is breathable and humid absorbing, and keeps its form even if it gets wet during classes or performance. This kind of material is highly resistant to bending and flaking.

TECHNOLOGY

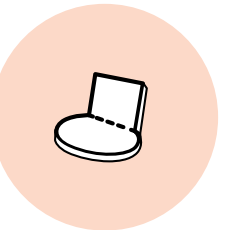

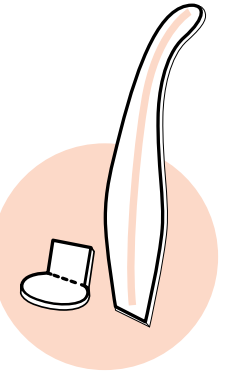

PRO

SILENCE

Innovative dampening compound of "Silent knot" technology eliminates the sound of pointe shoes on any surface.

- PRO technology in machine-stitched models (Maya I, 3007, Nova, etc.) is a combination of "Silent knot" and silent insole. The insole is made of sound absorbing material, which feels slightly softer compared to classic construction.
- PRO in hand-stitched models (Fouette, Triumph): with "Silent knot" has no changes to the shank flexibility.

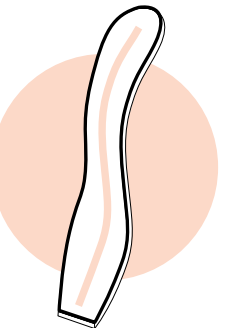

FLEX

FLEXIBILITY

- Flexible shank feels like ready-to wear, as it adapts to the arch.
- Easier to bend the shank.
- Additional comfort during roll-through to demi-pointe and en-pointe.
- Suitable for all levels from beginners to professionals. Flex shanks are often used as first pointe shoes after the demi-pointe shoes. Please, ensure you take into consideration the dancer's arch and strength.

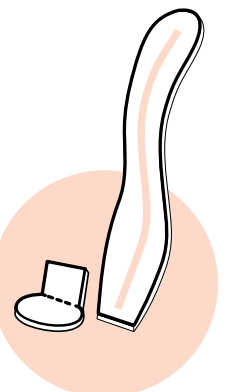

PRO FLEX

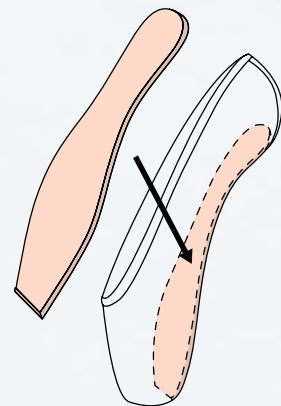

COMBINATION OF BOTH

For those who prefer only the best, we offer two technologies together: PRO to reduce the pointe shoe sound and FLEX to follow one's arch and offer flexible comfort and control of roll-through demi-pointe.

CLASSIC SHANK CONSTRUCTION

Unique fully hand crafted production based on all natural materials. The variable shank strengths and breakdown during the lifespan of the shoe keep ones foot well trained and help to prevent injuries.

CLASSIC, BUT DIFFERENT

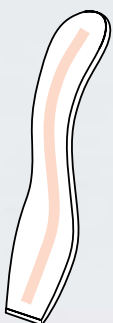

CLASSIC
Classic strong shank preferred by professionals. Good for advanced en-pointe elements.

EASY ROLL-THROUGH
Easier roll-through demi-pointe to an en-pointe position for extra articulation of the metatarsal.

READY-TO-WEAR

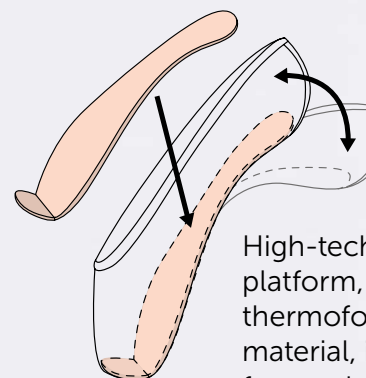

FLEX
Flexible shank, preferable for demi-pointe elements and contemporary in addition to classic en-pointe elements.

READY-TO-WEAR

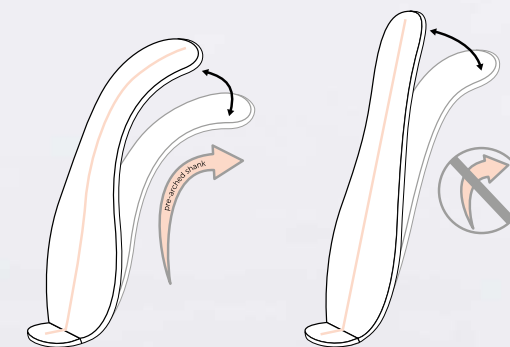

INNOVATIVE SHANK CONSTRUCTION

Flexible and supportive shanks suitable for any technique level. Long lasting performance.

High-tech cast-in insole and platform, made of non-toxic thermoformable lightweight material, is adjustable to any foot arch and muscle strength.

Unique construction using high-tech materials provides longer life span.

READY-TO-WEAR

Do not hammer

Do not soften the box with fingers

Do not break the shank

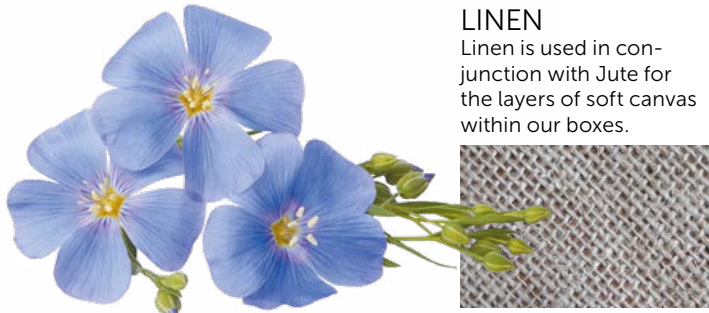

ATTENTION!
INNOVATIVE POINTE SHOE MODELS ARE READY-TO-WEAR.
BREAKING IN THE SHANK WILL CAUSE DAMAGE TO THE SHOES.

ECO MATERIALS FOR BOX

Boxes of all NIKOLAY® pointe shoes are made of natural materials that are breathable and safe for your skin. Jute, linen and cotton are used in all production. These natural materials are used to keep the dancers’ feet healthy.

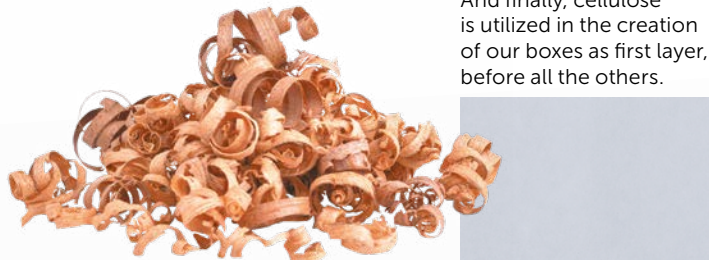

COTTON
The cotton we use in our boxes is made of a coarse calico type.

LINEN
Linen is used in conjunction with Jute for the layers of soft canvas within our boxes.

JUTE
Our jute material used within our boxes comes from a rough canvas.

CELLULOSE
And finally, cellulose is utilized in the creation of our boxes as first layer, before all the others.

Our raw materials are certified by OEKO-TEX as high quality and they are all free of any harmful substances.

These types of canvas provide different features; we use different combinations to make the box and wings more adaptive or resilient, pliable or supportive.

GLUE FOR THE BOX

MIRACLE GLUE

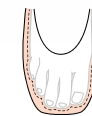

An innovative glue with memory effect. This lightweight glue offers extreme flexibility and can be easily adapted by hand. Once formed, it retains its elasticity and suppleness. Miracle glue got its name in that it offers the ultimate in comfort and ease of movement from the first wear. Works equally well in cold, warm and humid climates.

Main component:
natural resin.

CLASSIC GLUE

Classic glue is made of all natural materials. The glue adapts to the foot from the first day of wear, taking shape of every curvature, making it more comfortable yet resilient to daily use.

Main components:
wheat and corn flour.

TROPICANA GLUE

Dancers in humid climates and higher temperatures tend to wear out their shoes faster. Tropicana glue, while still made of all natural materials, has additional agents to make it more resistant to moisture and heat, making it very long lasting. We don't recommend ordering Tropicana glue for cold climate, as it can become too hard.

MATERIALS FOR OUTSOLE

OUTSOLE

The outsole of all NIKOLAY® pointe shoes is made of high quality natural leather which gives additional flexibility to the foot movements owing to the leather properties.

HAND-STITCHED TURN-SHOE SOLE

A fully handmade classic method of pointe shoe production that features more flexibility and offers a longer lifespan. This outsole is fixed by a special invisible hand stitched method.

MACHINE STITCHED SOLE

A thin leather outsole is fixed to the satin with the help of a sewing machine to protect the insole. This outsole provides flexibility and extra articulation to any model made with this method. High quality leather along with branded patterns provide traction and extra security for the dancer.

Vegan is not available

VEGAN

Vegan is available

These two technologies feel different — and we recommend trying several styles before choosing the one most preferred by the dancer.

PREPARATORY POINTE SHOES

Girls between the ages of 4–10 years wear soft ballet slippers to class. Generally, the transition to Pointe shoes is perceived to be painful for children.

The NIKOLAY® Company specialists have developed a unique range of children's preparatory pointe shoes, which help children's feet to adapt gradually, step by step, without pain.

3 STEPS TO A DREAM

This line includes 3 models:

SHANKLESS
PRE-POINTE.

Helps to adapt the feet
to the feeling of pointe
shoes.

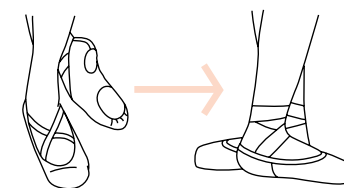

Exam

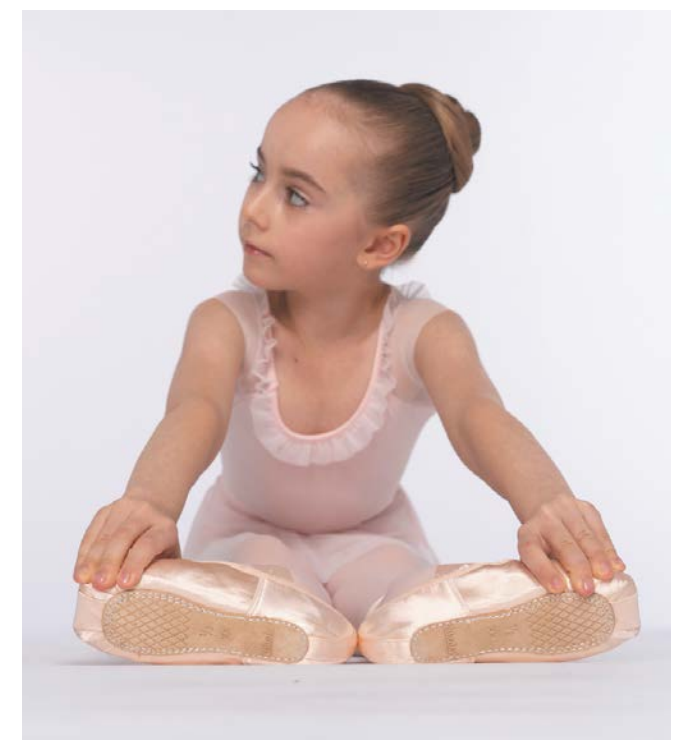

0512N Last type: 2007

0512EN Last type: Victory (at request)

Allows the young dancer to get used to the shape and confinement of the toe box, with no stiffening materials in the sole. With 1/3 box length, this shoe will train the dancers foot properly by strengthening the forefoot of the dancer.

Sizes: 0,5 — 6,5
Width: N — XXXXX
Shank: **No shank**
Box: 1/3
With elastic drawstring.

Alice

2nd STEP

Last type: 2007,
Victory (at request)
Shape: Slightly tapered,
Soft box
Platform: Medium
Vamp: U-cut, Medium
Sole: Machine-stitched

Trains the arch
of the foot.
Transitional model be-
tween Exam and Novice.
Ideal for pre-pointe
classes at the barre.

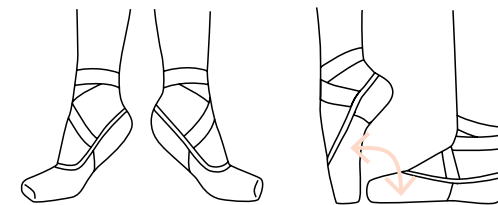

Alice

0526N Last type: 2007

0526EN Last type: Victory (at request)

A unique construction of the 1/2 box length will support a dancer at the barre while rising en pointe, slight but efficient support is created by the flexible super soft or soft shank. Flannel like insole.

Sizes: 0,5 – 7,5
Width: N – XXXX
Shank: SS, S
Box: 1/2

Novice

3rd STEP

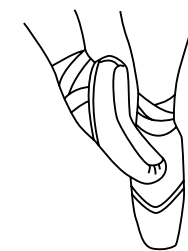

Last type: 2007
Shape: Slightly tapered
Platform: Medium
Vamp: U-cut, Medium
Sole: Machine-stitched

Ideal as the first pointe shoe for advancing beginners.
Easy roll-through and softer box.

Novice 0511N

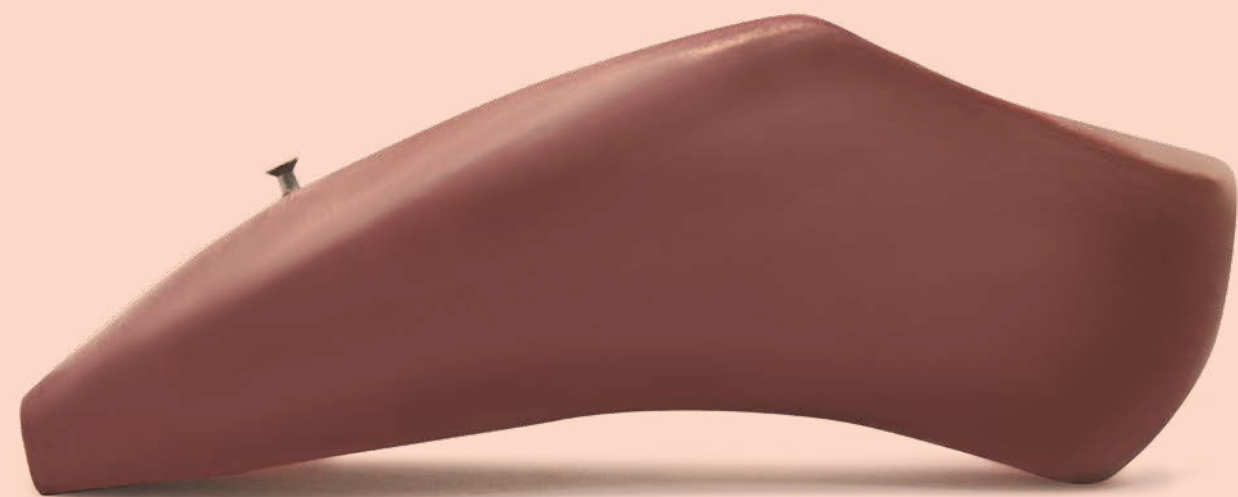

Novice is the "First Pointe Shoe" for advancing beginners. Softer than other models, yet supportive. This model features a softer 2/3 box length, and very pliable shanks. Allows easily roll-through demi pointe and to perform center exercises.

Sizes: 2 – 7,5
Width: N – XXXXX
Shank: SS, S, M
Box: 2/3

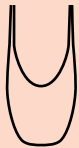

POINTE SHOES BASED ON FOUETTE LAST

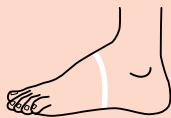

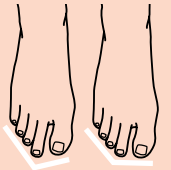

Fouette last is developed with consideration of anatomic features of the high arch and fuller tapered foot. Usually, it's Egyptian or Greek type of foot, but in wider width XXXX – XXXXX can be suitable for Roman type. Fouette is the implementation of a classic pointe shoe form — tapered and elegant.

- Soft detail in the box and soft microfiber lining
- Pliable Shank
- 2/3 box
- Streamlined fit
- Adaptable crown
- Elastic drawstring
- Lower heel

NeoPointe 0545N

NeoPointe epitomizes softness inside and out. This uniquely soft pointe shoe model has the most pliable shank ever, featuring our FLEX technology combined with our Easy Roll-Through technology. The box has been shortened to 2/3 length, allowing the shoe to offer unsurpassed comfort during roll-through from demi-pointe to an en pointe position.

Our incredibly soft microfiber lining and new extra special padding within the box add additional comfort and minimize toe pressure. By using our Miracle glue in the box and wings, the shoe adapts to the dancer's feet, allowing consistent support in the metatarsal area yet staying flexible at the same time for a greater variety of movements. The adaptable crown and streamlined cut make this model a wonderful choice for dancers of all levels.

Size: 0,5 — 9
Width: X — XXXXXX (only size 3–9 in XXXXXX)
Shank: H or R only

TRADITION AND EVOLUTION COMBINE

NEO SOFTNESS INSIDEOUT

Soft like a pillow inside and the most pliable outside.

NEOPOINTE

SmartPointe

- Platform: Wide
Vamp: Soft V-cut, Medium
Sole: Hand-stitched
Wings: High
- Perfect for wider metatarsal
 - Medium crown
 - Flexible paste and shank
 - Sleek but wide

SmartPointe 0537N

Classic shank construction with easy roll-through.

SmartPointe has unique elastic glue that adapts to the dancers' foot but stays flexible. The box will mold to the dancer's foot shape over time with wear, but can also be adjusted during the initial fitting by hand.

EASY ROLL-THROUGH

Size: 0,5 — 9
Width: X — XXXXXX (only size 3–9 in XXXXXX)
Shank: SS, S, M, H, SH (at request)

StreamPointe

- Platform: Wide
Vamp: Soft V-cut, Medium
Sole: Machine-stitched
Wings: High
- Elasticated binding
 - Broad metatarsal area
 - Pliable shank
 - Low sides and heel
 - Streamlined fit
 - Adaptable crown

StreamPointe 0541N

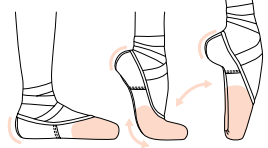

Classic shank with easy roll-through. Elasticated binding further improves this new model, by providing a streamlined fit for dancers with shallow and square foot shapes. Pliable yet supportive shanks follow any arch height. Extreme flat platform will allow the dancer stability, and secure balance.

Reinforced shank

R — the hardest shank in StreamPointe. It is similar to Medium strength 3007, which is much less flexible and lasts longer. Reinforced shank is ideal for those, who need a little bit of extra support.

EASY ROLL-THROUGH

Size: 1 — 9
Width: X — XXXXXX (only size 3–9 in XXXXXX)
Shank: S, M, H, R

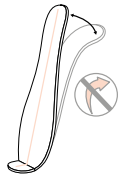

StarPointe

- Platform: Wide
Vamp: Soft V-cut, Medium
Sole: Machine-stitched
Wings: High
- Innovative construction
 - Supportive, yet flexible shank
 - Elasticated binding
 - Low sides with higher heel
 - Microfiber heel cup

StarPointe 0543N

Based on the best selling StreamPointe model, StarPointe offers new possibilities with a different shank construction. The specially designed polymer shank is very supportive while also being flexible enough to form perfectly to any dancer's arch. A slightly raised heel offers fuller coverage and security. StarPointe features an elasticated binding for a streamlined fit.

Size: 0,5 — 9
Width: X — XXXXX (only size 3–9 in XXXXXX)
Shank: SF, MF, HF, SHF

POINTE SHOES BASED ON VICTORY LAST

This unique yet extremely versatile last was created as an improvement to the iconic Elite last. This new last features an elegant faux taper that fits all foot shapes — Egyptian, Grecian and Roman. The Victory last has a broad platform for a perfect secure balance. This last was created for feet with a low to medium arch but also works for high arch. The U shaped vamp has a medium throat along with low sides and heel to showcase the dancer's feet.

Wings: High
- Broadest platform
 - Generous box
 - Elasticated binding
 - Lux inner-lining
 - Easy roll-through

Victory 0542N

The wide box and extra internal space created by the faux taper make this model excellent for all foot shapes. Elasticated binding eliminates the need for a drawstring while the microfiber heel counter securely hugs the heel and prevents the shoe from slipping off. With a natural shank with easy roll-through and a brush of our Miracle paste on it's high wings, this model is very supportive while still allowing for easy demi-pointe. This instant best seller is humid climate resistant and long lasting. Victory is a must-have for your store's pointe shoe repertoire. Due to the high wing construction, this model is to be manipulated through the 3/4 area of the shank during the fitting, or broken in naturally by the heat of the foot.

Victory FLEX 0542N

Flex shank for dancers who need pliable shank for easy demi-pointe elements. This model hugs the dancer's arch to perfection.

This new last features an elegant faux taper, while still fitting very broad and square foot shape.

EASY ROLL-THROUGH

SOFT BALLET SHOES

Soft ballet shoes seem simple, but that's only an illusion. For the majority of a dancer's career, they will be training in ballet flats, and finding a perfect shoe can be challenging. We've created different styles to work for dancers of every level and foot form.

VEGAN

We use canvas, stretch canvas, leather, or satin to offer dancers the choice they deserve. The outsole is usually suede, but we can replace it with the cruelty-free VEGAN option on request in split sole models.

HOW TO CHOOSE

Soft ballet shoes require the same accurate fitting as pointe shoes do. Ballet flats underline the feet, protect them and support the way it's needed if they follow the shape perfectly and their features meet the dancer's needs.

Soft pleats and binding make it easy to fit soft ballet shoes to different feet forms, yet the toe lengths vary and requires different vamps. The arch and feet strength also matter, therefore we created this chart to assist you in choosing the soft ballet shoes of your DREAM.

FEET STRENGTH \ ARCH	FEET FORM	
	LONG TOES	SHORT TOES
HIGH	Model 10 Tempo Synergy DreamStretch DreamStretch 10	Performance Tempo Synergy DreamStretch (Low cut) X-Stretch
MEDIUM	LittleStar Model X Model 10 Synergy DreamStretch DreamStretch 10 X-Stretch	Performance Model X DreamStretch (Low cut) Opus X-Stretch
LOW	LittleStar Performance Model X DreamStretch (Low cut) X-Stretch	Performance Model X DreamStretch (Low cut) Opus X-Stretch

LYRICAL SHOES

NIKOLAY® Gymnastics half-soles, or as we also refer to them as "turner shoes", are used by the Rhythmic Gymnastics Olympic team of the Russian Federation. These shoes have been tested and perfected over the years by some of the top gymnasts in the world as well as now being worn by the top contemporary dancers in the United States.

MATERIALS AND PROPERTIES

GENUINE LEATHER

Used to make the sole and the upper of the shoe. Breathable material. Adapts to the foot shape.

MICROFIBER (artificial leather)

Provides sufficient floor grip. Allows the skin to breathe. Long-lasting material.

CANVAS (100% cotton)

A breathable and hypo-allergenic type of natural fabric which can be easily dyed.

CALICO (100% cotton)

An extra thin type of fabric for proper fit.

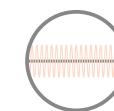

TERRY FABRIC (100% cotton)

Ensures dry skin and protects the foot.

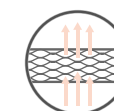

NON-SLIP SILICON

The shoes straps are covered with special non-slip silicon to ensure that the shoes fit perfectly even when performing complex movements.

FLAT SEAM

The sole and the upper are sewn together in such a way as to ensure that the seam is flat and even highly sensitive foot is guaranteed exceptional comfort.

ELASTIC YARN THREAD (Polyamide)

Special type of elastic yarn used for sewing ensures that the shoe perfectly matches the shape of the foot.

ELASTICATED BINDING

Due to elasticated binding the shoe securely hugs the foot and offers considerable comfort.

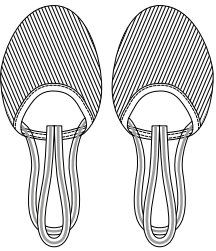

Dream-Turner

Long lasting four way stretch canvas that is strong and resilient with a shock absorbing padded insole and terry lining. Flat seams, full microfiber outsole and unique pleat-less construction offers comfort, durability and the best look to any foot on stage or rehearsal.

Vamp: High
Sole: Microfiber

DIY Adjust the form of caps to the required size with the help of scissors.

Pointe shoe dryers

0559N
Color: Pink
Filler: Silica Gel

This is something every fitter should offer with every pair of pointe shoes. These little helpers work wonders, eliminating the smell and pulling moisture right out of used pointe shoes. Our dryers add at least 30 % lifespan to the box of your dancers pointe shoes. They must be replaced every three months for best results.

CLASSICAL RIBBONS

Classical satin and cotton ribbons for dancers of all levels. Tightly secure the pointe shoe on the foot, provide maximum support.

Satin ribbon

RIB-SN
Width: 0.95"
Pack of 2.4 Yd
Color: ● Ballet Pink ● Dark Nude ○ White ● Black

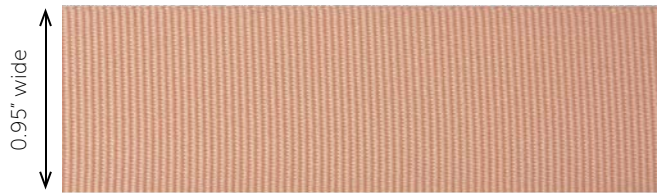

Satin ribbon of white, black, ballet pink colors to match pointe shoes. Classic look with a light sheer.

RIB-SBN
109.4 Yd in Bolt
Color: ● Ballet Pink ● Dark Nude

"Cotton" ribbon

RIB-MN
Width: 0.95"
Pack of 2.4 Yd
Color: ● Ballet Pink

Cotton-like ribbon as matte surface prevents the ribbon from sliding off and grants a classic look.

Satin Non-Slip Silicone lined Ribbon

0002/6N
Width: 0.98"
Pack of 2.4 Yd
Color: ● Ballet Pink

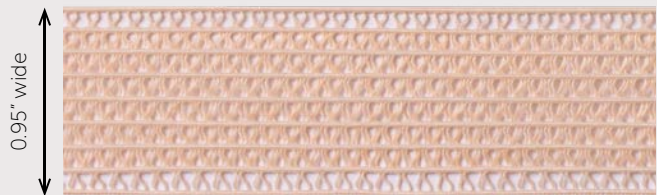

Satin ribbon with silicone is perfect for dancing without tights as silicone securely fixes the ribbon on naked skin.

ELASTICS

Elastics are usually used in addition to ribbons to provide flexible fixing of pointe shoes on the feet. Some professional dancers use only elastics to fix their pointe shoes and create a contemporary look.

Mesh elastic

0002/3N
Width: 0.95"
Pack of 1.1 Yd
Color: ● Ballet Pink

Mesh elastic for those who prefer flexible fixing of the arch and ankle. Match the color of pointe shoes and theatrical pink ballet tights.

HYBRID RIBBONS

A perfect balance that gives you enough support but allows a greater range of movement.

Satin ribbon with pre-sewn elastic

0510/4N
Width: 0.95"
Pack of 2.4 Yd (4 x 23.6")
Color: ● Ballet Pink

Satin ribbon with pre-sewn mesh elastic

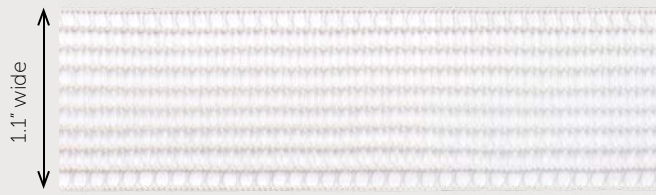

0510/3N
Width: 0.95"
Pack of 2.4 Yd (4 x 23.6")
Color: ● Ballet Pink

Features elastic inserts that are placed on the Achilles tendon. The inserts reduce pressure on this sensitive area and help prevent tendonitis. A bestseller that combines the flexibility of mesh / elastic mesh and the classic look of satin ribbons.

Transparent mesh elastic

0002/2N
Width: 1.1"
Pack of 1.1 Yd
Color: ○ White

Grants a flexible fixing, being almost invisible even on the naked skin. Choose between transparent and nude to match the color of pointe shoes and tights.

STRETCH RIBBON

Maximum flexibility that allows natural flexibility of your heel and ankle.

Stretch ribbon

RIB-E1N
Width: 0.98"
Pack of 2.4 Yd
Color: ● Ballet Pink

The elasticized ribbon feels very comfortable while dancing.

Elastic

EL-3/4N
Width: 3/4"
Pack of 1.1 Yd
Color: ● Ballet Pink

Also available elastic:
Width: 1"
0002/4N Pointe shoe elastic, Pack of 1.1 Yd,
0002/4RN Pointe shoe elastic, 27.4 Yd in Bolt.

Moleskin toe pads

1020N
Size: S, M, L, XL
Color: ● Pink

Supportive and soft toe pads for the best possible fit and comfort. The extra-thin design allows dancers to feel the floor while preventing blisters and corns. This innovative pad is adjustable in length, just cut them down to your dancers foot.

HOW TO CHOOSE

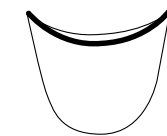

REMEMBER!

No space should be left between the pointe shoe inserts and toes, and inserts should always cover bunions. The comfort in the box depends on correctly fitted pointe shoes and pads.

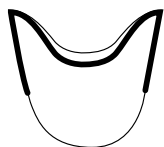

SILICONE TOE PADS

Made of medical silicone to protect foot: thick in the bottom, thin on the toes.

ART. 1010BN

MOLESKIN TOE PADS

Extremely thin with a soft-to-touch moleskin upper lining these toe pads will fit your foot like a glove, providing unsurpassed comfort.

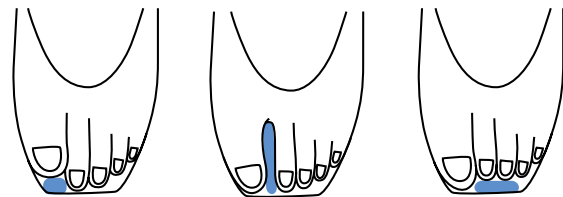

ART. 1020N

ART. 1020N

MINI SILICONE TOE PADS

Can be used on their own or in addition to any other pads above. Use one or two mini silicone pads to separate toes when needed, and remember they have different sizes that allow ballerinas to combine them different ways. Strongly recommended if there is large space between toes.

ART. 1007N

S.O.S. Stop Odor Spray

Innovative hi-tech formula — removes, not masks the odor!
Bonus: you can use it as an antibacterial spray for the barre!

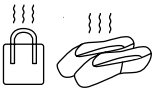

Recommended in addition to pointe shoe drying inserts to keep the shoes dry and fresh as new for a long time!

BAGSPRAYN

SHOESPRAYN

Do your dance shoes and toe pads smell?
Does your dance bag have unpleasant odor?

Wait 15-20 minutes or until shoes or bag are fully dry before next use.

Spray S.O.S. from 20 cm away into your dance bag. Spray the inside of your shoes and toe pads.

No more foul smell!
Only the feeling of freshness and confidence.

Caution: Keep away from fire. Do not ingest. Keep out of reach of children. Avoid eye contact, rinse with water if needed. In case of allergic reaction contact your doctor.

Note: the spray is harmless for your skin, but created especially for shoes, bags, and costumes, and not recommend to spray on yourself.

Size: 58,2' x 82.6'
Material: paper

HOW TO FIND YOUR RIGHT SIZE

- How to measure and identify NIKOLAY® pointe shoe size:
- 1) Take a piece of A4 paper and put ballerinas' foot on it, draw the contour of the foot with a pencil; the pencil should be held under an angle of 90° (perpendicularly). Draw and measure the left and right foot, as they can differ.
 - 2) Measure the distance from the heel to the endpoint of the toe (in mm);
 - 3) Find the result of the measurements in the table. In case the measurement in between two sizes, we recommend taking a bigger one, as pads and tights also have a certain thickness.

How to choose the width

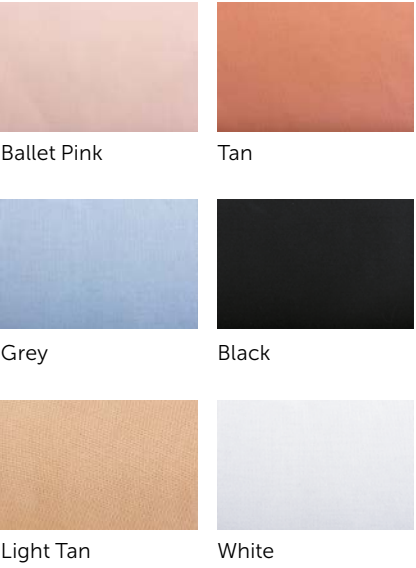

NIKOLAY® offers pointe shoes in 7 different widths:
N – for extremely narrow feet
X – for narrow feet
XX and XXX – for medium feet
XXXX – for wide feet
XXXXX-XXXXXXX – for super wide feet

Measure your foot at its widest place (where the bunions are) to identify the required width for the pointe shoes. Relate the result to the table data and identify your width. It is recommended to choose a width that provides a firm and painless fit. If you notice wrinkles on the fabric and gaps between the shoe and the foot, it means you need less width.

HOW WE HELP RETAILERS BOOST SALES

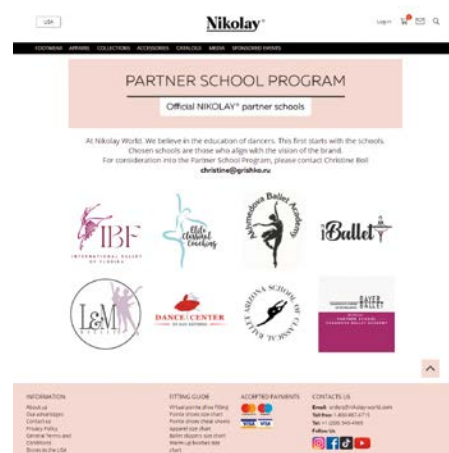

When our retailers prosper, we prosper, too. That is why we have a wide range of marketing tools to help you sell our products.

MEDIA MATERIALS AND DESIGN

We provide retailers with high-resolution photos of our products that you can use in store or online. We can also create designs for your stand, brochures and other promotional materials that feature our products on request.

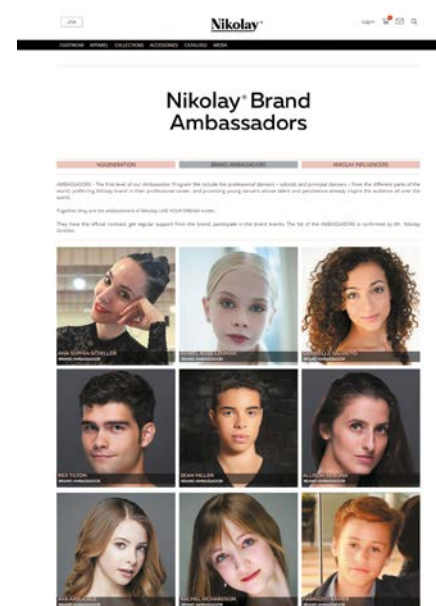

Contact your international brand manager or your sales representative to discuss if you need any promo materials.

PARTNER SCHOOLS

We are a retailer-centric company, therefore we created a program uniting ballet schools, retailers, and an amazing quality of handmade in Russia products.

For consideration into the Partner School Program, please contact Christine Boll christine@grishko.ru

AMBASSADORS

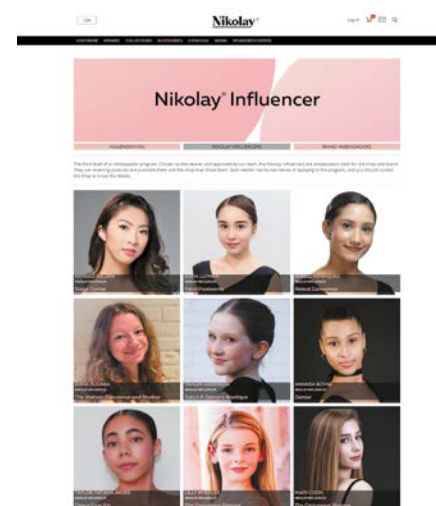

To better promote NIKOLAY® products, you can rely on the strong brand image we built both on social media and in the professional world of ballet with the help of our ambassadors.

NIKOLAY® Brand Ambassadors

are the first level of our Ambassador Program. We engage professional ballet artists — soloists and principal dancers — as well as promising young talents who inspire hundreds of thousands of ballet lovers all over the world.

Our Brand Ambassadors are true icons of dance, winners of most prestigious ballet contests who have both impeccable ballet technique and strong media presence. Together, they promote the NIKOLAY® brand and embody our motto — LIVE YOUR DREAM. They have an official contract, get regular support from the brand, and participate in the brand events.

NIKOLAY® Market Influencers are the second level of our Ambassador program designed specifically to boost online presence of NIKOLAY® partners retailers. Each store can choose their own influencer to promote them — and we will provide them with a welcome package and other free items throughout the year of their contract.

NIKOLAY® Influencers create engaging content for your store, and we regularly feature both your influencer and your store on our social media accounts — so you can reach an audience of more than 180 000 loyal NIKOLAY® customers. Each retailer has its own terms of applying to the program.

Nikolay Retailer community >

NIKOLAY RETAILER COMMUNITY

Join private NIKOLAY® Retailer Community. Special secret sales announcements will be made exclusively on the community page. Download ready Instagram and website content. Access information that is made exclusively for NIKOLAY® Retailers. Communicate with other retailers to find the best solution of NIKOLAY® brand promotion, tips and tricks of NIKOLAY® fittings and more.

@nikolayworld

@nikolayworld is great opportunity to feature your store and share all the news regarding new arrivals and in-store events announcements.

FOR FEET WITH MEDIUM AND HIGH ARCH

Recommended lasts: 2007, Fouette, SmartPointe

ATTENTION:
Size chart is provided as a reference and an approximate guide only and does not guarantee an exact or perfect fit. The proper fit of pointe shoes depends on individual foot shape and toe pads used by dancer.
The recommended way to determine correct pointe shoe size is to be fitted in local shop.
