CELEBRATING 35 YEARS OF EXCELLENCE

For 35 remarkable years, NIKOLAY has been at the forefront of the dance world, providing exquisite dancewear and pointe shoes of impeccable quality and style. Our legacy is built on a foundation of artistry, innovation, and the enduring pursuit of excellence. Thank you for making us part of your dance journey. Here's to 35 more years of grace and performance.

NIKOLAY: Pioneers in the World of Ballet

Today, NIKOLAY stands as a legendary brand, renowned for its exquisite pointe shoes and apparel, representing unparalleled quality for the last 35 years. Rooted in the rich traditions of classical ballet and driven by cutting-edge innovation, we offer a diverse range of over 20 distinct pointe shoe models, establishing ourselves as the most versatile choice in the market. Founded in 1987 by the living legend of the Textile and Light industry, Nikolay Grishko, our brand is a testament to entrepreneurial excellence. Inspired by his wife, Tamara Grishko, a distinguished dancer and his muse, Mr. Grishko's vision has left an undeniable mark on the ballet world.

At the heart of the ballet community, our brand enjoys the adoration of ballet icons worldwide, with numerous highly esteemed ballet schools choosing our uniforms with garments and shoes. We proudly serve as official sponsors for the world's most prestigious dance competitions, including the Youth Grand Prix, World Ballet Competition and Universal Ballet Competition. Thousands of contestants, choreographers, academies, and teachers encounter our products at these events.

INTRODUCING THE «TAMARA» — A TRIBUTE TO TIMELESS ELEGANCE

In celebration of our anniversary season, we are delighted to unveil our latest masterpiece — the “Tamara” model. Named after the beloved Mrs. Tamara Grishko, this extraordinary creation is a heartfelt tribute to the cherished wife of our founder, Mr. Nikolay Grishko.

The “Tamara” model is crafted on our renowned Fouetté last, combining classic grace with cutting-edge innovation. It incorporates all the enhancements that have elevated our new models to unprecedented heights of performance and comfort. This release is more than just a shoe; it’s a profound testament to love and devotion. Mr. Grishko patiently awaited the perfect moment to honor his beloved wife with a shoe that bears her name. And now, the wait is over.

Prepare to be captivated by the allure of the “Tamara.” It’s not just a shoe; it’s a declaration of love, a symbol of excellence, and a true game-changer. Get ready for the “Tamara” — it’s poised to make a resounding impact on the dance world.”

POINTE SHOES

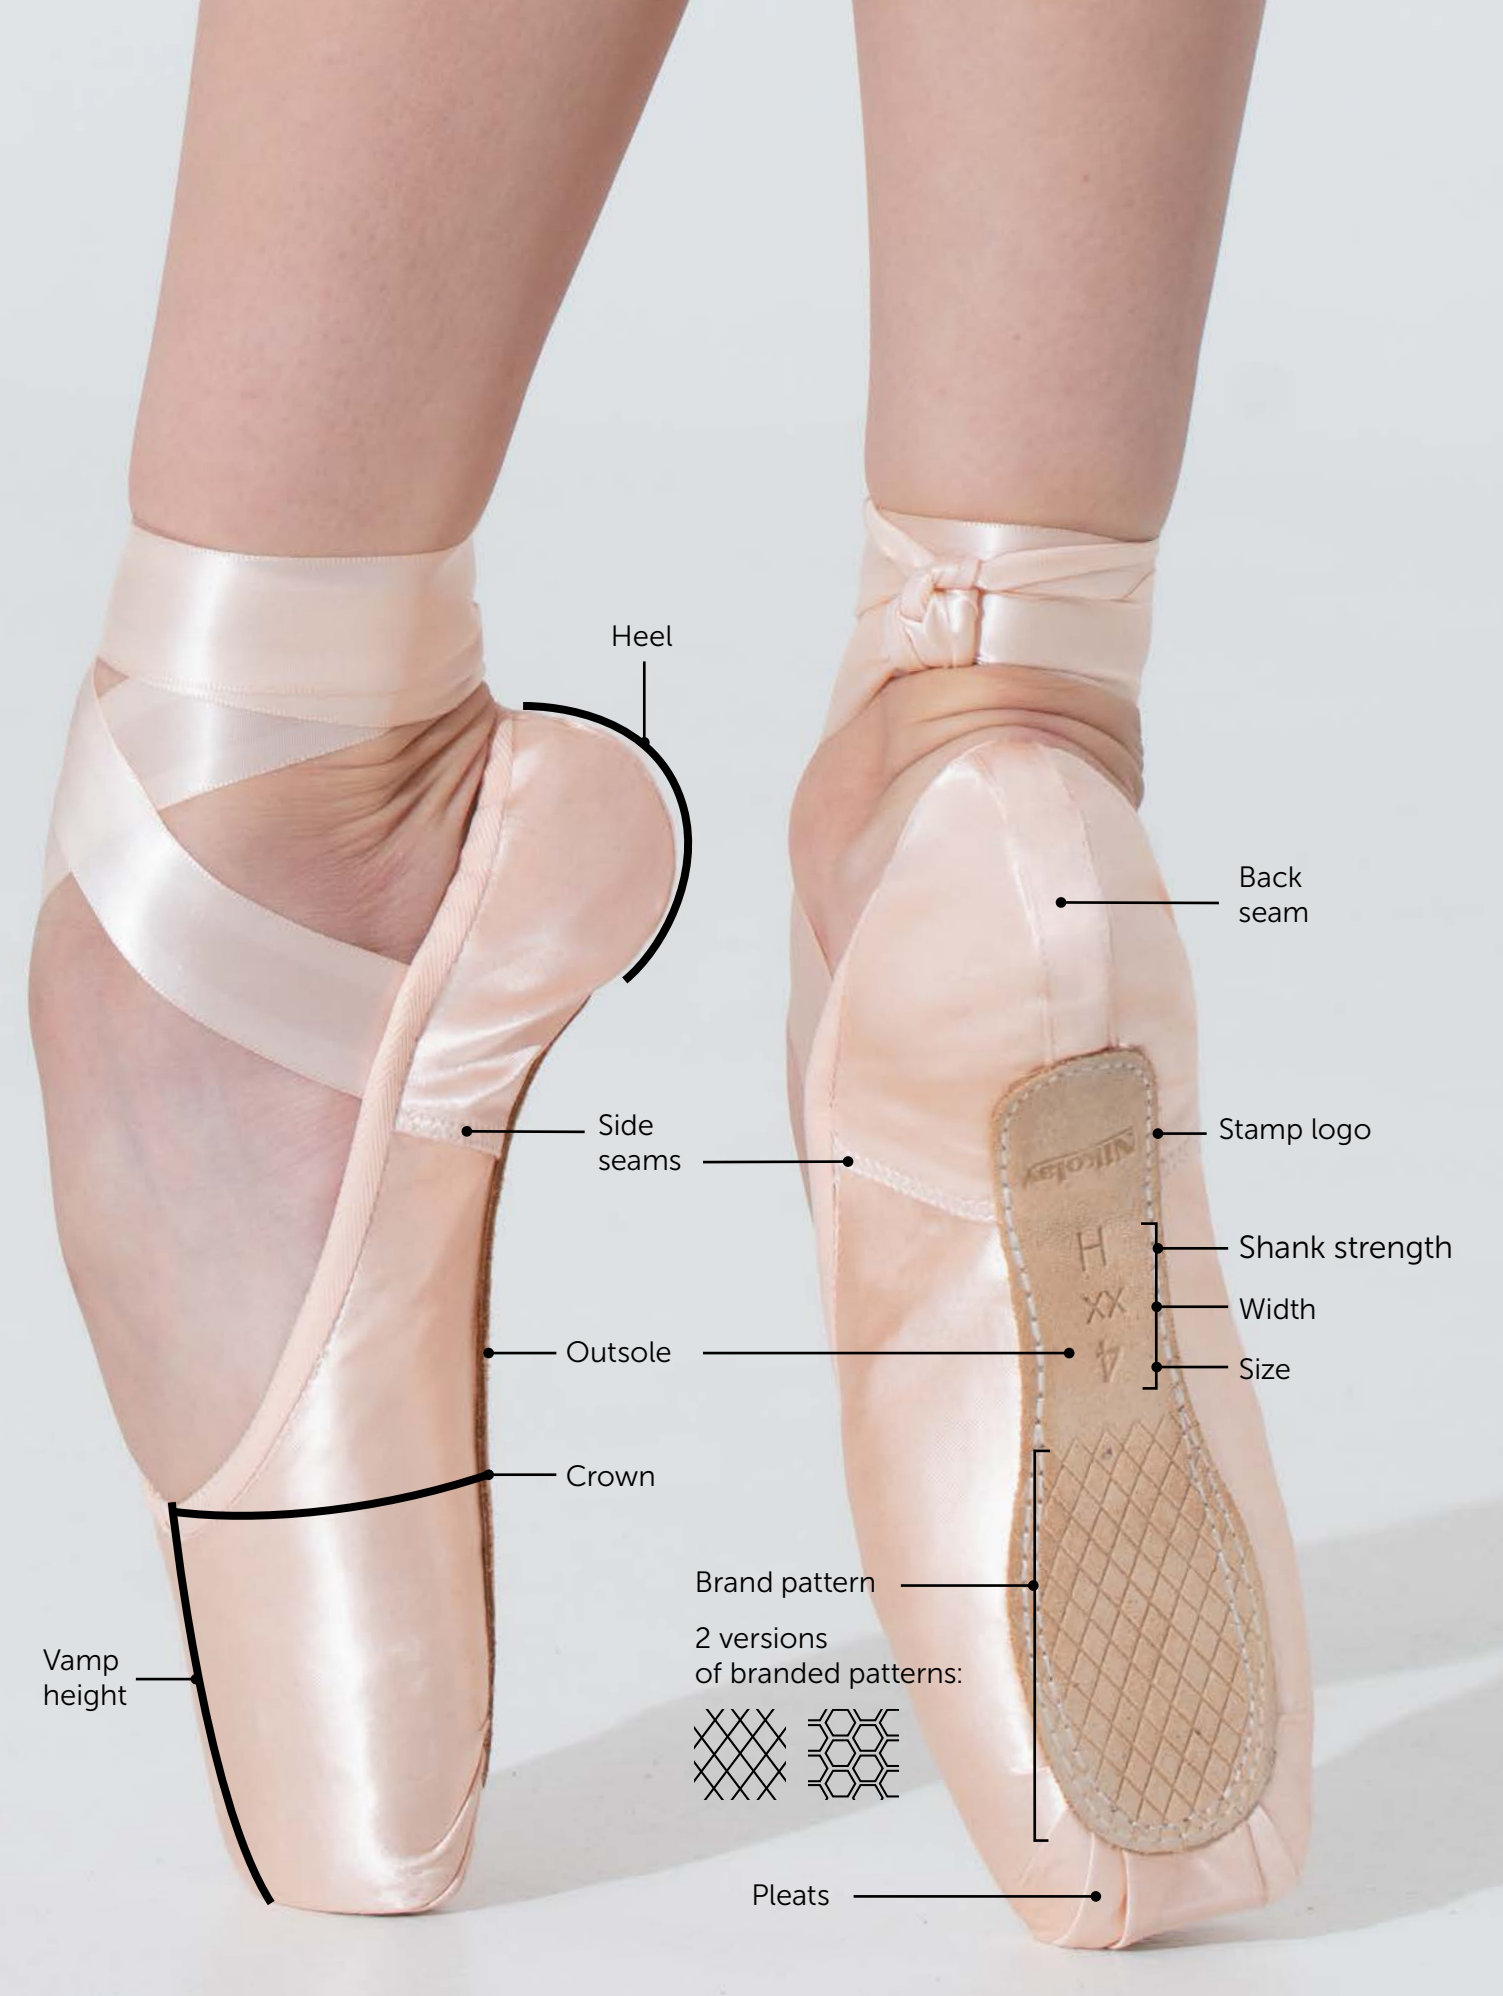

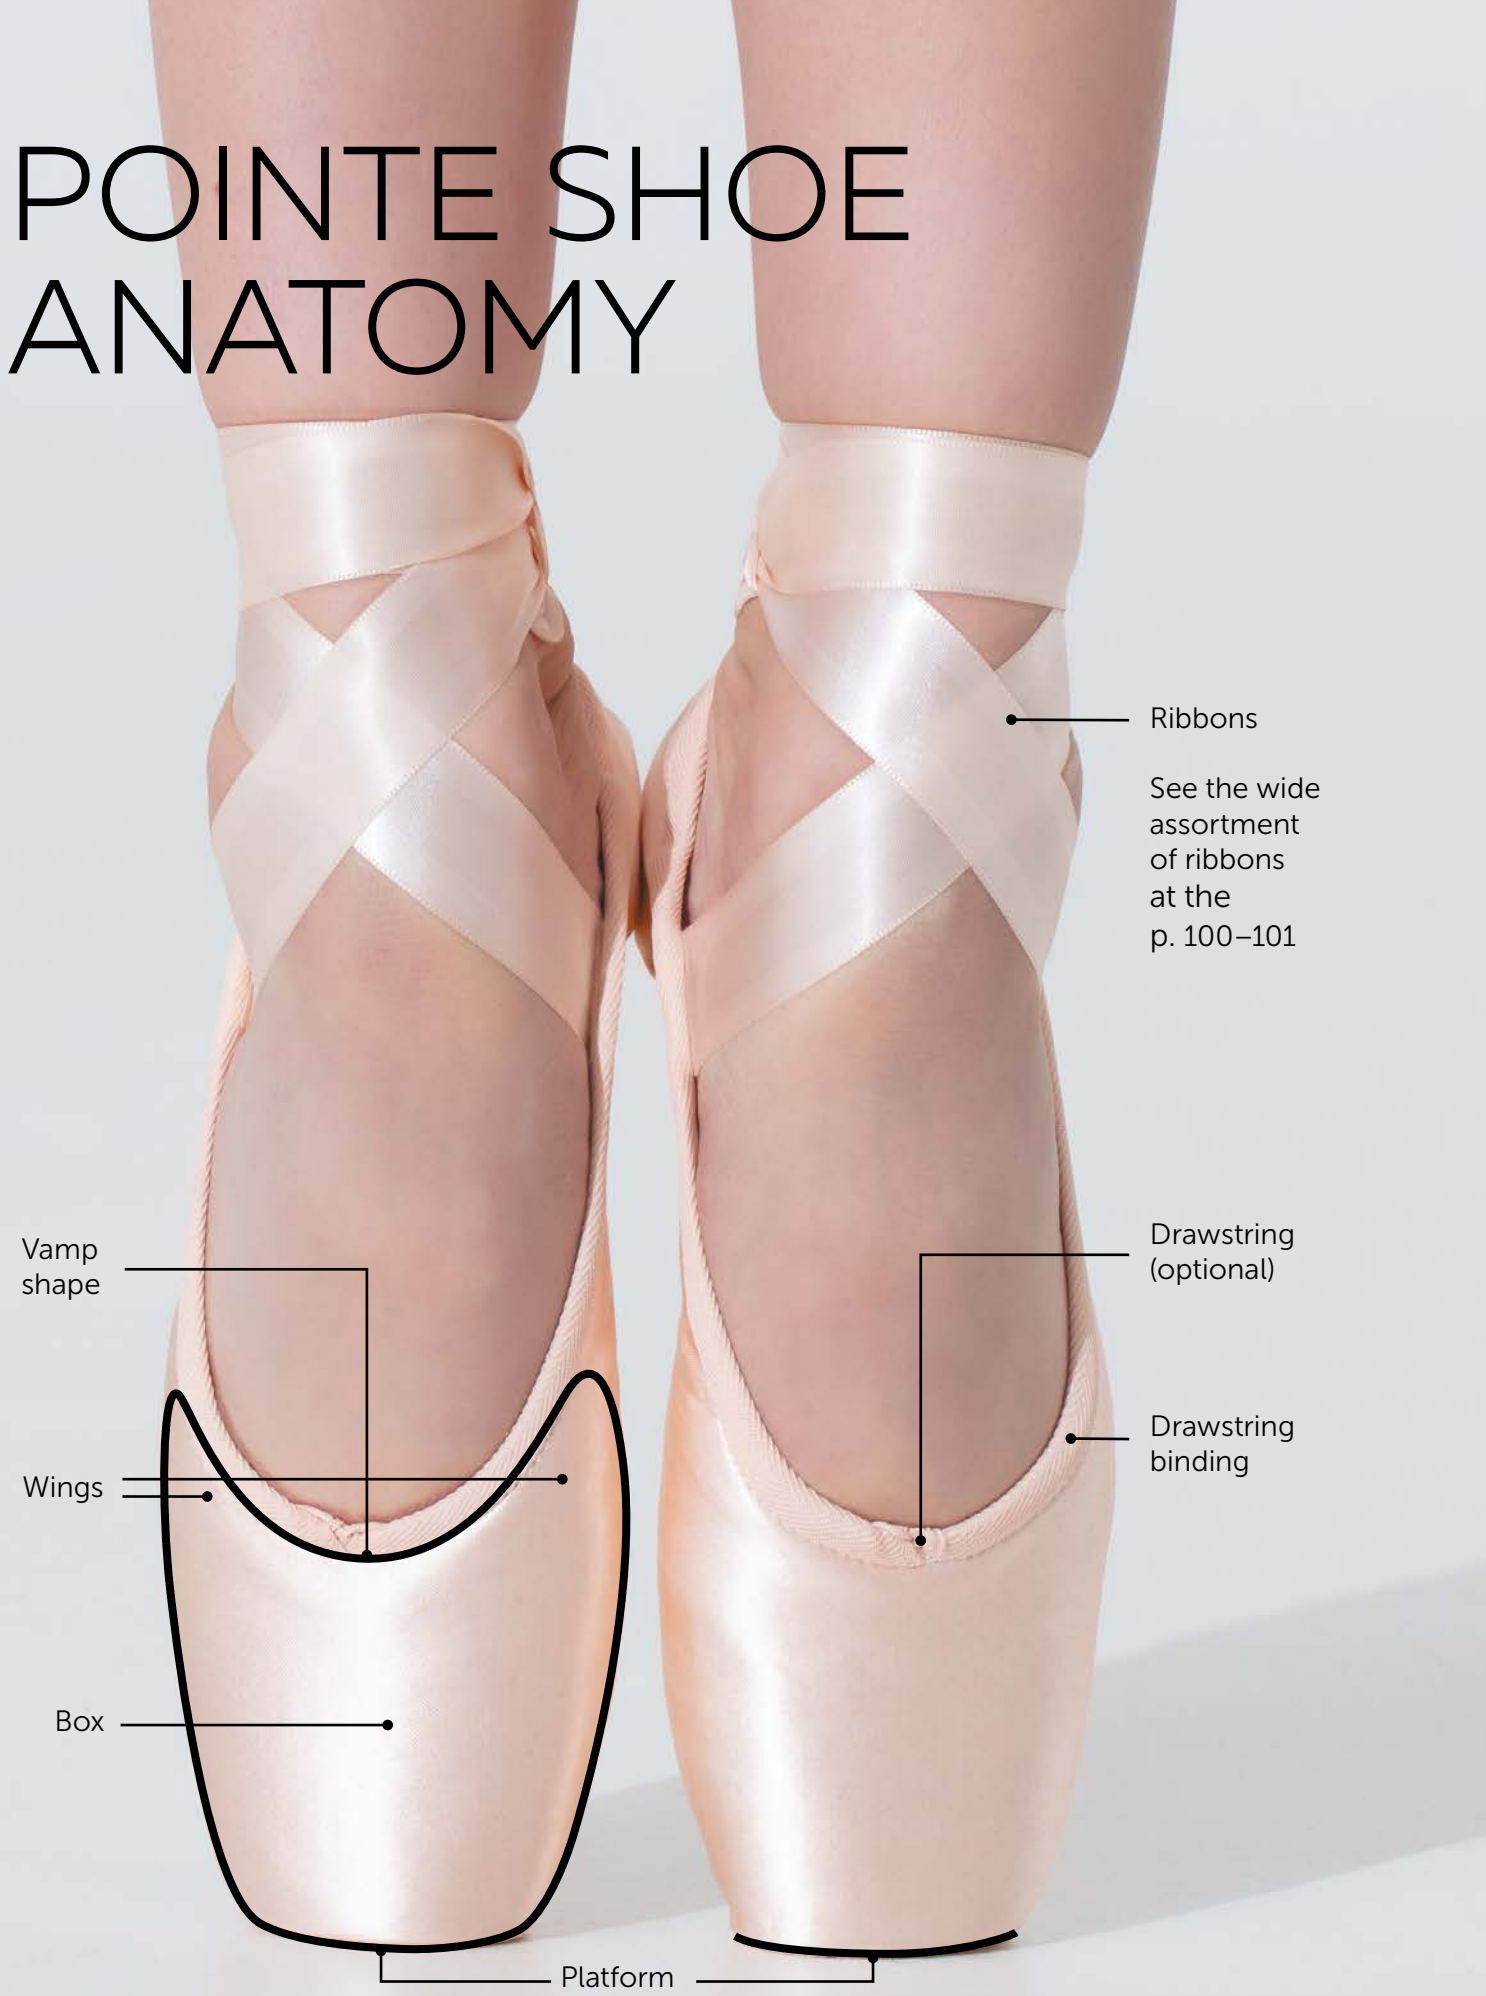

NIKOLAY® offers the widest variety of pointe shoes on the market. The number of stock model variations (model, shank, size, width, strength) exceeds 20000, and this number doesn't include the additional technologies, colors, and individual orders with different adjustments!

Often dancers use one particular model of pointe shoes in different shanks depending on the performances they will partake in. And sometimes, they require slight adjustments to their stock model. To make this easier for our customers, we have added a number of technologies and options to fully customize fit, look and even the function of the pointe shoe.

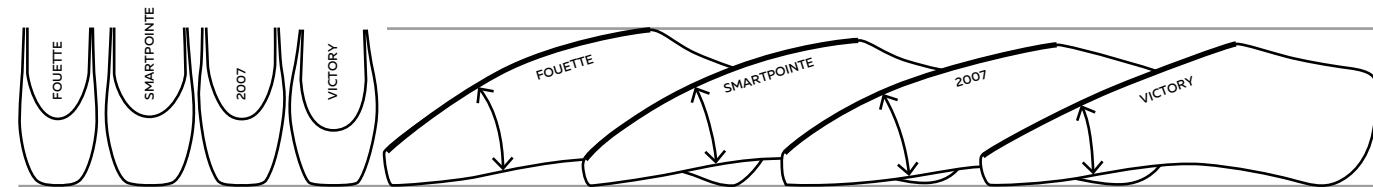

All of our pointe shoes pass through three steps of quality control. Under the binding, you can see handwritten characters which designate the shoe technologist, the model number and the date that the shoes were made. This information confirms that your NIKOLAY® shoes were made by our professional shoe makers who are trained artisans in this craft.

POINTE SHOE ANATOMY

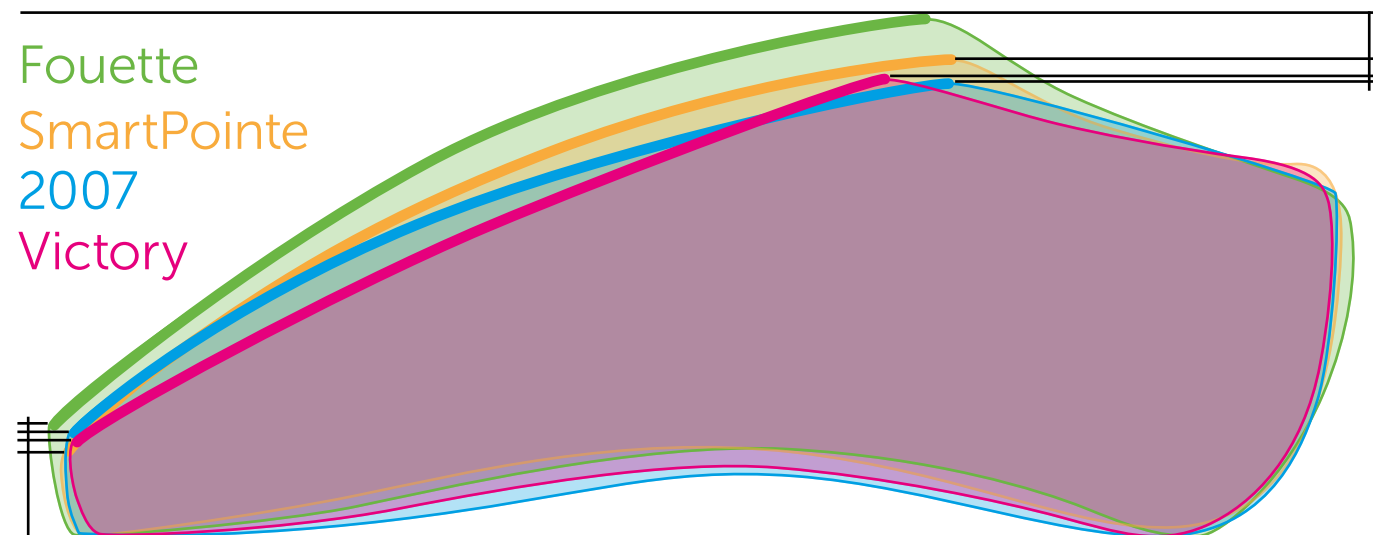

NIKOLAY® POINTE SHOE SYSTEM

We have developed a comprehensive system of pointe shoes based upon the lasts. Each last is made to fit different foot shapes. Most lasts have multiple models that differ in the details: the depth of the vamp, the height of the sides and heel, the material of the insoles, etc. But the internal space of models created on the same last remains the same. Initially we begin with the physical parameters of the foot, so that our pointe shoes are anatomically correct and safe for your feet.

FOUETTE SMARTPOINTE 2007 VICTORY

The last is the main attribute, which creates the inner form of pointe shoes. It is the base for proper support, health, and comfort. NIKOLAY® pointe shoes are the most customized in the world. All of our pointe shoes are based on four unique lasts: Fouette, 2007, SmartPointe and Victory. Each last accommodates different configurations of foot and toe shapes.

HOW TO CHOOSE

The fitter should first choose the last according to the foot shape and toe configuration.

And next, consider box, platform, vamp and other features.

NIKOLAY® offers the widest variety of stock models to fit any foot.

Our pointe shoes are based on 4 different lasts (forms): 2007, Fouette, SmartPointe and Victory.

Each last is designed to suit a particular foot and toe shape configuration.

It is important to feature all four lasts for the perfect fitting experience.

Innovative pointe shoes

*The above chart is recommended, but non-regulatory. Sometimes the best suitable pair is based on compression and development of the dancer's foot. And can be found within different NIKOLAY® models.

CARE ABOUT THE FUTURE

We take great measures to do our part for the environment, including constantly looking into ways to lessen our carbon footprint and using sustainable materials whenever possible.

TECHNOLOGY

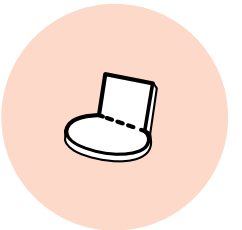

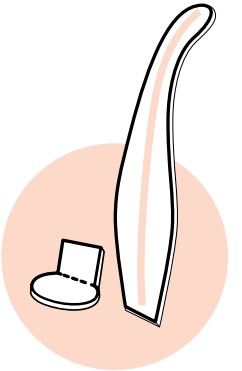

PRO

SILENCE

Innovative dampening compound of "Silent knot" technology eliminates the sound of pointe shoes on any surface.

- PRO technology in machine-stitched models (Maya I, 3007, Nova, etc.) is a combination of "Silent knot" and silent insole. The insole is made of sound absorbing material, which feels slightly softer compared to classic construction.
- PRO in hand-stitched models (Fouette, Triumph): with "Silent knot" has no changes to the shank flexibility.

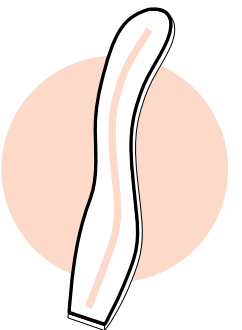

FLEX

FLEXIBILITY

- Flexible shank feels like ready-to wear, as it adapts to the arch.
- Easier to bend the shank.
- Additional comfort during roll-through to demi-pointe and en-pointe.
- Suitable for all levels from beginners to professionals. Flex shanks are often used as first pointe shoes after the demi-pointe shoes. Please, ensure you take into consideration the dancer's arch and strength.

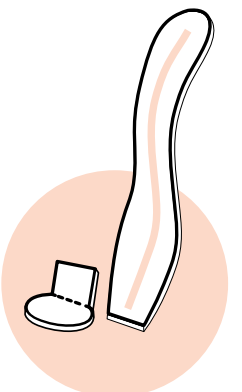

PRO FLEX

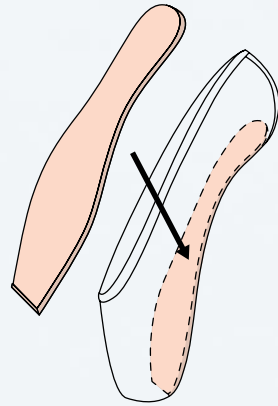

COMBINATION OF BOTH

For those who prefer only the best, we offer two technologies together: PRO to reduce the pointe shoe sound and FLEX to follow one's arch and offer flexible comfort and control of roll-through demi-pointe.

CLASSIC SHANK CONSTRUCTION

Unique fully hand crafted production based on all natural materials. The variable shank strengths and breakdown during the lifespan of the shoe keep ones foot well trained and help to prevent injuries.

CLASSIC, BUT DIFFERENT

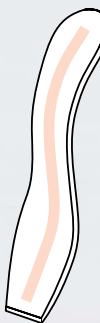

CLASSIC
Classic strong shank preferred by professionals. Good for advanced en-pointe elements.

EASY ROLL-THROUGH
Easier roll-through demi-pointe to an en-pointe position for extra articulation of the metatarsal.

READY-TO-WEAR

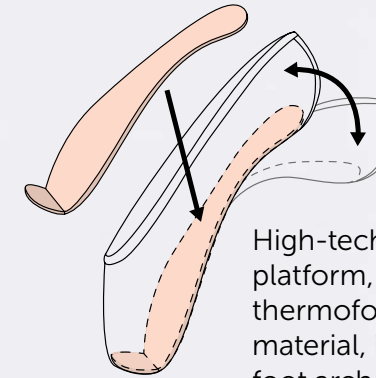

FLEX
Flexible shank, preferable for demi-pointe elements and contemporary in addition to classic en-pointe elements.

READY-TO-WEAR

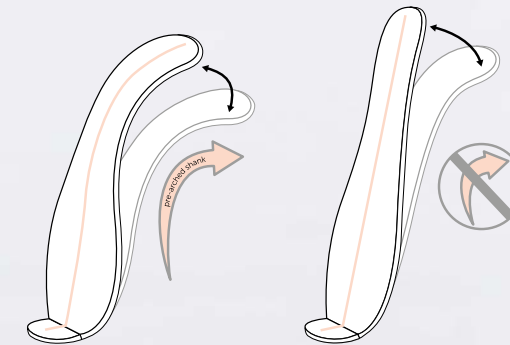

INNOVATIVE SHANK CONSTRUCTION

Flexible and supportive shanks suitable for any technique level. Long lasting performance.

High-tech cast-in insole and platform, made of non-toxic thermoformable lightweight material, is adjustable to any foot arch and muscle strength.

Unique construction using high-tech materials provides longer life span.

READY-TO-WEAR

Do not hammer

Soften the box with fingers

Do not break the shank

ATTENTION!
INNOVATIVE POINTE SHOE MODELS ARE READY-TO-WEAR.
BREAKING IN THE SHANK WILL CAUSE DAMAGE TO THE SHOES.

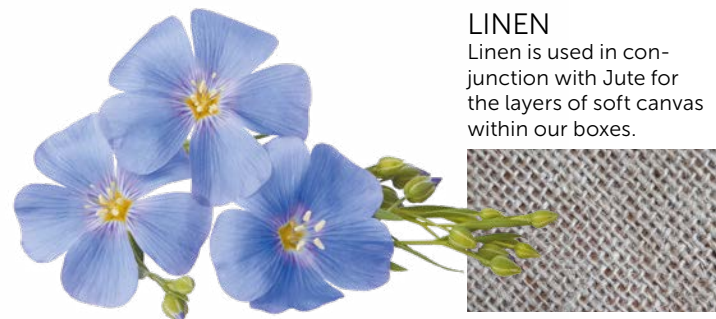

ECO MATERIALS FOR BOX

Boxes of all NIKOLAY® pointe shoes are made of natural materials that are breathable and safe for your skin. Jute, linen and cotton are used in all production. These natural materials are used to keep the dancers' feet healthy.

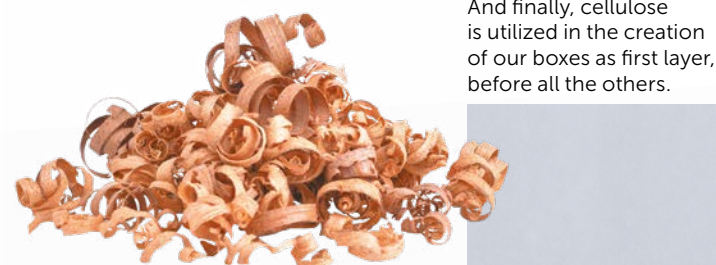

COTTON
The cotton we use in our boxes is made of a coarse calico type.

LINEN
Linen is used in conjunction with Jute for the layers of soft canvas within our boxes.

JUTE
Our jute material used within our boxes comes from a rough canvas.

CELLULOSE
And finally, cellulose is utilized in the creation of our boxes as first layer, before all the others.

Our raw materials are certified by OEKO-TEX as high quality and they are all free of any harmful substances.

These types of canvas provide different features; we use different combinations to make the box and wings more adaptive or resilient, pliable or supportive.

GLUE FOR THE BOX

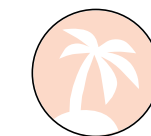

MIRACLE GLUE

An innovative glue with memory effect. This lightweight glue offers extreme flexibility and can be easily adapted by hand. Once formed, it retains its elasticity and suppleness. Miracle glue got its name in that it offers the ultimate in comfort and ease of movement from the first wear. Works equally well in cold, warm and humid climates.

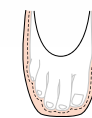

Main component:
natural resin.

TROPICANA GLUE

Dancers in humid climates and higher temperatures tend to wear out their shoes faster. Tropicana glue, while still made of all natural materials, has additional agents to make it more resistant to moisture and heat, making it very long lasting. We don't recommend ordering Tropicana glue for cold climate, as it can become too hard.

CLASSIC GLUE

Classic glue is made of all natural materials. The glue adapts to the foot from the first day of wear, taking shape of every curvature, making it more comfortable yet resilient to daily use.

Main components:
wheat and corn flour.

MATERIALS FOR OUTSOLE

OUTSOLE

The outsole of all NIKOLAY® pointe shoes is made of high quality natural leather which gives additional flexibility to the foot movements owing to the leather properties.

HAND-STITCHED TURN-SHOE SOLE

A fully handmade classic method of pointe shoe production that features more flexibility and offers a longer lifespan. This outsole is fixed by a special invisible hand stitched method.

MACHINE STITCHED SOLE

A thin leather outsole is fixed to the satin with the help of a sewing machine to protect the insole. This outsole provides flexibility and extra articulation to any model made with this method. High quality leather along with branded patterns provide traction and extra security for the dancer.

These two technologies feel different – and we recommend trying several styles before choosing the one most preferred by the dancer.

PREPARATORY POINTE SHOES

Girls between the ages of 4–10 years wear soft ballet slippers to class. Generally, the transition to Pointe shoes is perceived to be painful for children.

The NIKOLAY® Company specialists have developed a unique range of children's preparatory pointe shoes, which help children's feet to adapt gradually, step by step, without pain.

- Shank reinforcement through center of the insole

Tamara 0546N

Thanks to its construction, this model offers a pliable yet consistent, supportive shank that forms perfectly to any dancer's arch. The shank is 5 mm shorter in comparison to the Maya model which provides a perfect fit

The sides are all 5 mm lower when compared to the Maya style.

This improved design offers:

- a smooth appearance even en-pointe position, provided by the heel counter which securely hugs the heel,
- a more streamlined fit.

Our incredibly soft microfiber lining adds additional comfort and prevents the shoe from sliding off the foot.

The use of our Miracle glue in the box and wings, offers extreme flexibility and allows these parts to be easily adapted by hand.

This innovative paste works equally well in cold, warm and humid climates.

Elasticated binding provides a snug, secure fit.

Introducing the "Tamara" Pointe Shoe

Inspired by love and perfected by design.

Crafted by Nikolay Grishko's world renowned factories, this latest innovation pays tribute to his adored wife of 40 years, Tamara Grishko, designed for dancers aiming to highlight their arches, and achieve impeccable balance.

Fouette Last — Built for compressible feet, Higher crown, medium platform, Forced V-Vamp, Elasticated Binding, Shank reinforcement through center of the insole, Easy roll-through, Miracle paste.

What's New in Tamara? – Improvements from Maya I

Upper Design

- Reinforced vamp prevents spillage forward (on flexible feet).
- Fouette last is tilted forward, therefore we needed a reinforcement.
- Double satin heel offers smooth look, stable and snug fit.
- Outcome: Sleek and streamlined fit, improved agility, and poise.

Binding Upgrade

- Transitioned from elastic drawstring to Elasticated Binding for a clean, snug finish.

Side Adjustments

- Lowered by 5mm from Maya I specifications for a sleek appearance, accentuating the arch.

Shank Makeover

- 5 mm shorter for a closer arch fit. Making the shanks true 2/3 length.
- Enhanced flexibility with robust arch support. Shanks are made from leatherboard and other materials that will be longer lasting and the added arch support will prevent the shoe from breaking low.

Insole Upgrades

- Transitioned to a microfiber insole to help with foot sliding in the shoe.

Box Innovations

- Employed improved, thermoplastic Miracle paste.
- Redesigned wings for superior fit and durability by adding an additional layer for the wings.

Shanks offered Tamara offers three hardness levels:

H Optimal flexibility and durability. Shank should feel a little stronger than StreamPointe H.

R Enhanced flexibility with reinforced support. Shank should feel close to 3007 M.

RH Ultimate strength, ideal for those needing additional arch support. Shanks should feel like a 3007 H but with enhanced flexibility and durability.

Quality Assurance We've addressed and rectified previous design concerns from the Maya I model, ensuring premium quality with each Tamara shoe. This is the first model of Pointe shoes where a shoe constructor and pointe shoe technologists worked together on creating a masterpiece.

Conclusion The Tamara pointe shoe is a fusion of professional contemporary design, unparalleled quality, and functionality, tailored for every dancer, from novices to professionals. This model is built for compressible strong feet that are tapered or taper when squeezed.

POINTE SHOES BASED ON VICTORY LAST

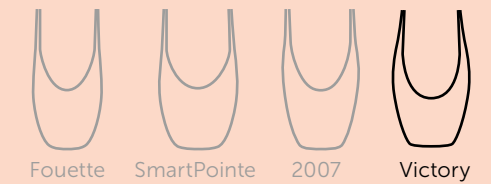

This unique yet extremely versatile last was created as an improvement to the iconic Elite last. This new last features an elegant faux taper that fits all foot shapes – Egyptian, Grecian and Roman. The Victory last has a broad platform for a perfect secure balance. This last was created for feet with a low to medium arch but also works for high arch. The U shaped vamp has a medium throat along with low sides and heel to showcase the dancer's feet.

- Broadest platform
- Generous box
- Elasticated binding
- Lux inner-lining
- Easy roll-through

Victory 0542N

The wide box and extra internal space created by the faux taper make this model excellent for all foot shapes. Elasticated binding eliminates the need for a drawstring while the microfiber heel counter securely hugs the heel and prevents the shoe from slipping off. With a natural shank with easy roll-through and a brush of our Miracle paste on it's high wings, this model is very supportive while still allowing for easy demi-pointe. This instant best seller is humid climate resistant and long lasting. Victory is a must-have for your store's pointe shoe repertoire. Due to the high wing construction, this model is to be manipulated through the 3/4 area of the shank during the fitting, or broken in naturally by the heat of the foot.

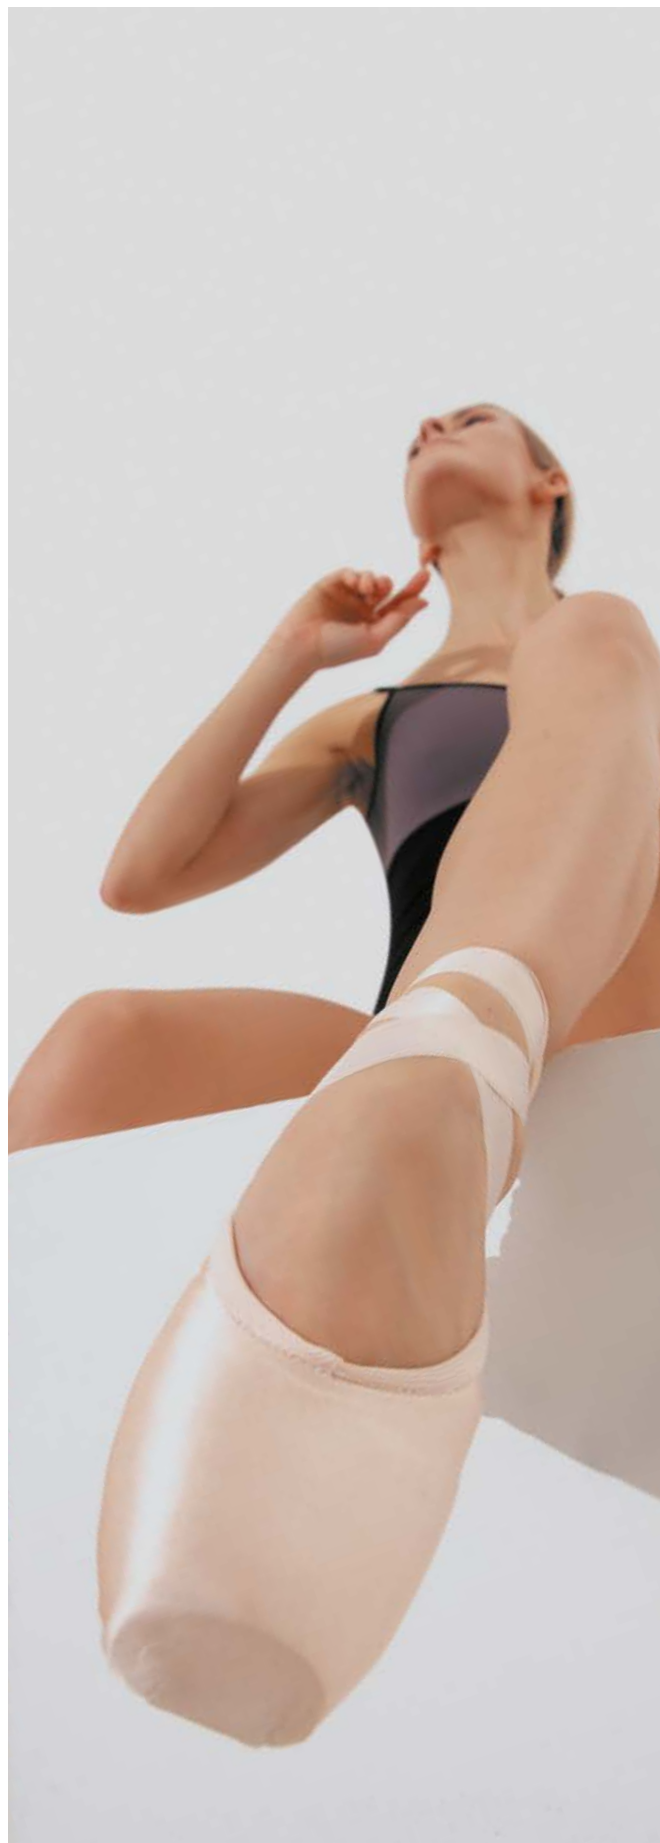

Victory FLEX 0542N

Flex shank for dancers who need pliable shank for easy demi-pointe elements. This model hugs the dancer's arch to perfection.

SOFT BALLET SHOES

Soft ballet shoes seem simple, but that's only an illusion. For the majority of a dancer's career, they will be training in ballet flats, and finding a perfect shoe can be challenging. We've created different styles to work for dancers of every level and feet form.

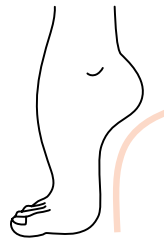

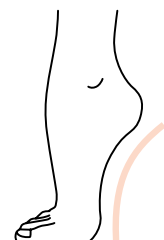

We use canvas, stretch canvas, leather, or satin to offer dancers the choice they deserve. The outsole is usually suede, but we can replace it with the cruelty-free VEGAN option on request in split sole models.

HOW TO CHOOSE

Soft ballet shoes require the same accurate fitting as pointe shoes do. Ballet flats underline the feet, protect them and support the way it's needed if they follow the shape perfectly and their features meet the dancer's needs.

Soft pleats and binding make it easy to fit soft ballet shoes to different feet forms, yet the toe lengths vary and requires different vamps. The arch and feet strength also matter, therefore we created this chart to assist you in choosing the soft ballet shoes of your DREAM.

LYRICAL SHOES

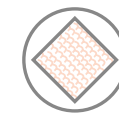

NIKOLAY® Gymnastics half-soles, or as we also refer to them as "turner shoes" have been tested and perfected over the years by some of the top gymnasts in the world as well as now being worn by the top contemporary dancers in the United States.

MATERIALS AND PROPERTIES

GENUINE LEATHER

Used to make the sole and the upper of the shoe. Breathable material. Adapts to the foot shape.

MICROFIBER (artificial leather)

Provides sufficient floor grip. Allows the skin to breathe. Long-lasting material.

CANVAS (100% cotton)

A breathable and hypo-allergenic type of natural fabric which can be easily dyed.

CALICO (100% cotton)

An extra thin type of fabric for proper fit.

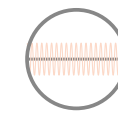

TERRY FABRIC (100% cotton)

Ensures dry skin and protects the foot.

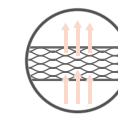

NON-SLIP SILICON

The shoes straps are covered with special non-slip silicon to ensure that the shoes fit perfectly even when performing complex movements.

FLAT SEAM

The sole and the upper are sewn together in such a way as to ensure that the seam is flat and even highly sensitive foot is guaranteed exceptional comfort.

ELASTIC YARN THREAD (Polyamide)

Special type of elastic yarn used for sewing ensures that the shoe perfectly matches the shape of the foot.

ELASTICATED BINDING

Due to elasticated binding the shoe securely hugs the foot and offers considerable comfort.

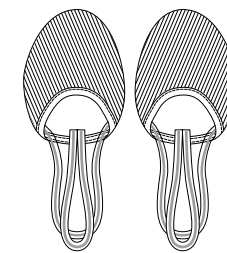

Dream-Turner

Long lasting four way stretch canvas that is strong and resilient with a shock absorbing padded insole and terry lining. Flat seams, full microfiber outsole and unique pleat-less construction offers comfort, durability and the best look to any foot on stage or rehearsal.

S.O.S. Stop Odor Spray

Innovative hi-tech formula — removes, not masks the odor! Bonus: you can use it as an antibacterial spray for the barre!

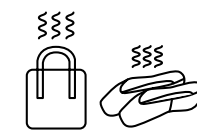

Features antibacterial and anti-fungal properties. Covers fabric surfaces with a layer of nanoparticles which release a beautiful luxurious perfume only when you touch the product.

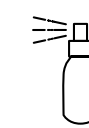

This multi purpose spray can be used for all of your ballet garments, shoes and accessories.

- Features antibacterial and anti-fungal properties.
- Hypoallergenic spray that removes odor on a molecular level.
- Cleans and disinfects surfaces and insoles of your shoes or dance bag.
- Extends the lifecycle of dance shoes and toe pads.
- Be the envy of all your friends, don't have a smelly dance bag!

How to use

Do your dance garments and shoes have an unpleasant odor?

Spray SOS evenly on the surface of the product.

Allow 10-15 minutes to dry.

Enjoy the nice fragrance. It will release with every touch until all nanocapsules are dissipated.

Caution: Keep away from fire. Do not ingest. Keep out of reach of children. Avoid eye contact, rinse with water if needed. In case of allergic reaction contact your doctor.

Note: the spray is harmless for your skin, but created especially for shoes, bags, and costumes, and not recommend to spray on yourself.

CLASSICAL RIBBONS

Classical satin and cotton ribbons for dancers of all levels. Tightly secure the pointe shoe on the foot, provide maximum support.

Satin ribbon

RIB-SN **RIB-SB50N**
 Width: 0.95" 54.6 Yd in Bolt
 Pack of 2.4 Yd
 Color: ● Ballet Pink ● Dark Nude ○ White ● Black

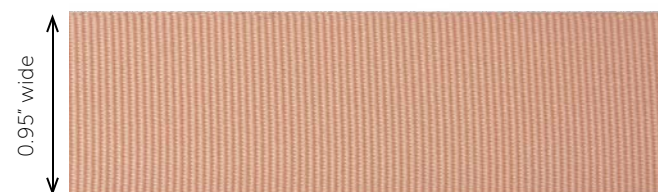

Satin ribbon of white, black, ballet pink colors to match pointe shoes. Classic look with a light sheer.

RIB-SBN
 109.4 Yd in Bolt
 Color: ● Ballet Pink ● Dark Nude

"Cotton" ribbon

RIB-MN **RIB-MBN**
 Width: 0.95" 54.6 Yd in Bolt
 Pack of 2.4 Yd
 Color: ● Ballet Pink

Cotton-like ribbon as matte surface prevents the ribbon from sliding off and grants a classic look.

Satin Non-Slip Silicone lined Ribbon

0002/6N **0002/6RN**
 Width: 0.98" 54.6 Yd in Bolt
 Pack of 2.4 Yd
 Color: ● Ballet Pink

Satin ribbon with silicone is perfect for dancing without tights as silicone securely fixes the ribbon on naked skin.

HYBRID RIBBONS

A perfect balance that gives you enough support but allows a greater range of movement.

Satin ribbon with pre-sewn elastic

0510/4N
 Width: 0.95"
 Pack of 2.4 Yd (4 x 23.6")
 Color: ● Ballet Pink

Satin ribbon with pre-sewn mesh elastic

0510/3N
 Width: 0.95"
 Pack of 2.4 Yd (4 x 23.6")
 Color: ● Ballet Pink

Features elastic inserts that are placed on the Achilles tendon. The inserts reduce pressure on this sensitive area and help prevent tendonitis. A bestseller that combines the flexibility of mesh / elastic mesh and the classic look of satin ribbons.

STRETCH RIBBON

Maximum flexibility that allows natural flexibility of your heel and ankle.

Stretch ribbon

RIB-E1N **RIB-E1BN**
 Width: 0.98" 54.6 Yd in Bolt
 Pack of 2.4 Yd
 Color: ● Ballet Pink

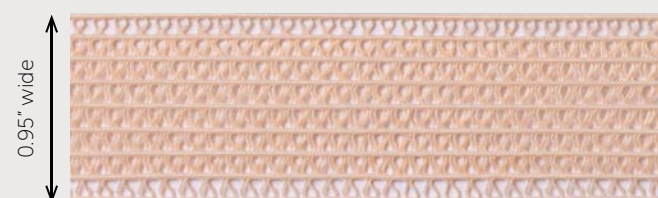

The elasticized ribbon feels very comfortable while dancing.

ELASTICS

Elastics are usually used in addition to ribbons to provide flexible fixing of pointe shoes on the feet. Some professional dancers use only elastics to fix their pointe shoes and create a contemporary look.

Mesh elastic

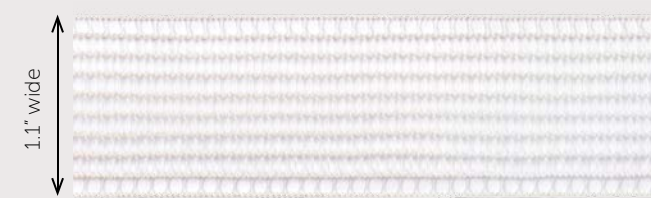

0002/3N **0002/3RN**
 Width: 0.95" 27,3 Yd in Bolt
 Pack of 1.1 Yd
 Color: ● Ballet Pink

Mesh elastic for those who prefer flexible fixing of the arch and ankle. Match the color of pointe shoes and theatrical pink ballet tights.

Transparent mesh elastic

0002/2N **0002/2RN**
 Width: 1.1" 27,3 Yd in Bolt
 Pack of 1.1 Yd

HOW TO CHOOSE

REMEMBER!

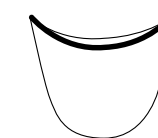

No space should be left between the pointe shoe inserts and toes, and inserts should always cover bunions. The comfort in the box depends on correctly fitted pointe shoes and pads.

SILICONE TOE PADS

Made of medical silicone to protect foot: thick in the bottom, thin on the toes.

ART. 1009BN

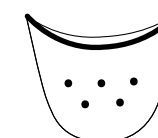

ART. 1006N

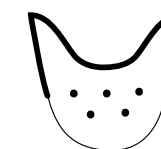

PERFORATED SILICONE TOE PADS

Microperforation makes these pads breathable.

ART. 1010AN

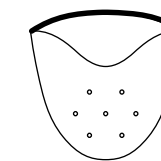

ART. 1010BN

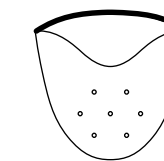

MOLESKIN TOE PADS

Extremely thin with a soft-to-touch moleskin upper lining these toe pads will fit your foot like a glove, providing unsurpassed comfort.

ART. 1020N

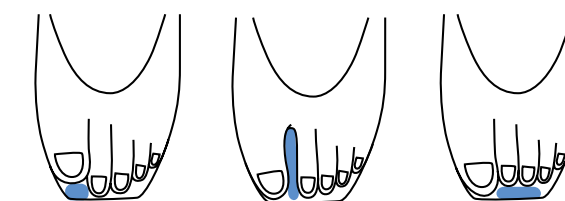

ART. 1020N

MINI SILICONE TOE PADS

Can be used on their own or in addition to any other pads above. Use one or two mini silicone pads to separate toes when needed, and remember they have different sizes that allow ballerinas to combine them different ways. Strongly recommended if there is large space between toes.

HOW TO FIND YOUR RIGHT SIZE

How to measure and identify NIKOLAY® pointe shoe size:

- 1) Take a piece of A4 paper and put ballerinas' foot on it, draw the contour of the foot with a pencil; the pencil should be held under an angle of 90° (perpendicularly). Draw and measure the left and right foot, as they can differ.
- 2) Measure the distance from the heel to the endpoint of the toe (in mm);
- 3) Find the result of the measurements in the table. In case the measurement is between two sizes, we recommend taking a bigger one, as pads and tights also have a certain thickness.

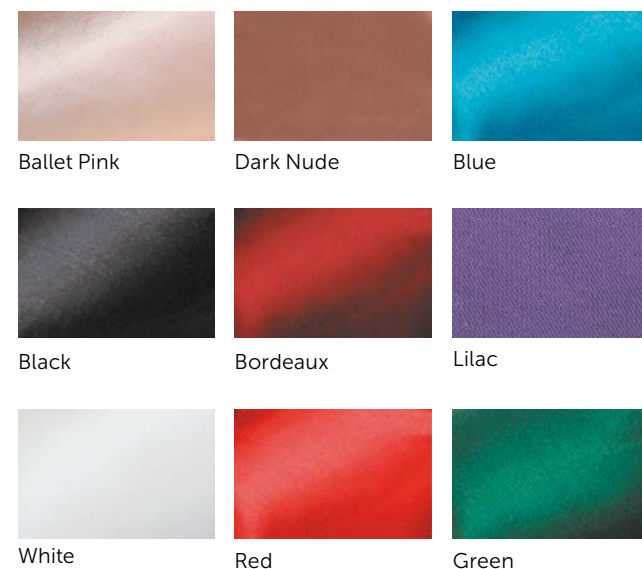

How to choose the width

NIKOLAY® offers pointe shoes in 7 different widths:

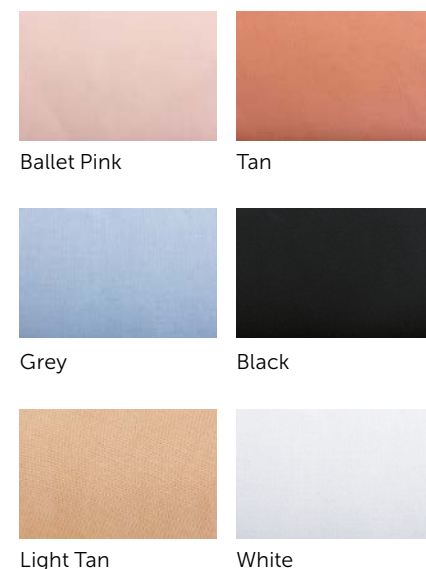

- N – for extremely narrow feet
- X – for narrow feet
- XX and XXX – for medium feet
- XXXX – for wide feet
- XXXXX-XXXXXX – for super wide feet

Measure your foot at its widest place (where the bunions are) to identify the required width for the pointe shoes. Relate the result to the table data and identify your width. It is recommended to choose a width that provides a firm and painless fit. If you notice wrinkles on the fabric and gaps between the shoe and the foot, it means you need less width.

HOW WE HELP RETAILERS BOOST SALES

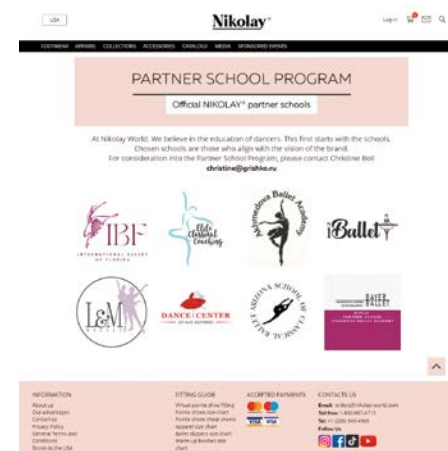

When our retailers prosper, we prosper, too. That is why we have a wide range of marketing tools to help you sell our products.

MEDIA MATERIALS AND DESIGN

We provide retailers with high-resolution photos of our products that you can use in store or online. We can also create designs for your stand, brochures and other promotional materials that feature our products on request.

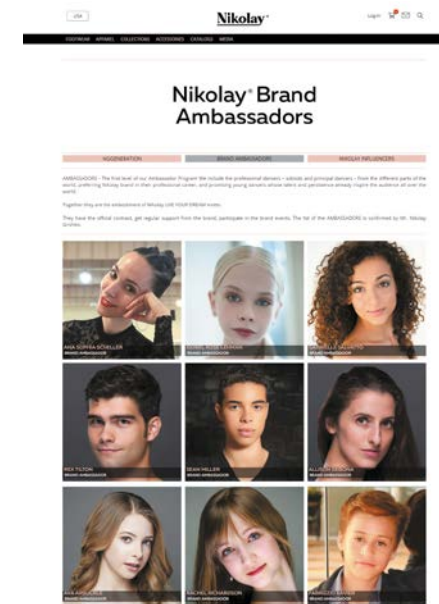

Contact your international brand manager or your sales representative to discuss if you need any promo materials.

PARTNER SCHOOLS

We are a retailer-centric company, therefore we created a program uniting ballet schools, retailers, and an amazing quality.

For consideration into the Partner School Program, please contact Christine Boll christine@nikolay-world.com

AMBASSADORS

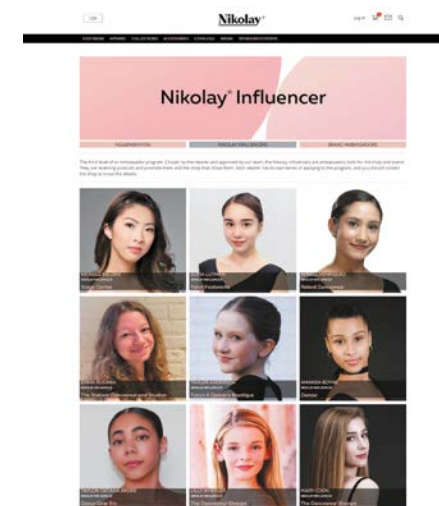

To better promote NIKOLAY® products, you can rely on the strong brand image we built both on social media and in the professional world of ballet with the help of our ambassadors.

NIKOLAY® Brand Ambassadors

are the first level of our Ambassador Program. We engage professional ballet artists – soloists and principal dancers – as well as promising young talents who inspire hundreds of thousands of ballet lovers all over the world.

Our Brand Ambassadors are true icons of dance, winners of most prestigious ballet contests who have both impeccable ballet technique and strong media presence. Together, they promote the NIKOLAY® brand and embody our motto – LIVE YOUR DREAM. They have an official contract, get regular support from the brand, and participate in the brand events.

NIKOLAY® Market Influencers are the second level of our Ambassador program designed specifically to boost online presence of NIKOLAY® partners retailers. Each store can choose their own influencer to promote them – and we will provide them with quarterly gifts.

NIKOLAY® Influencers create engaging content for your store, and we regularly feature both your influencer and your store on our social media accounts – so you can reach an audience of more than 180 000 loyal NIKOLAY® customers. Each retailer has its own terms of applying to the program.
