STAGE
COSTUMES
FOR KIDS

PRAGUE PRODUCTION

Nikolay®

Stage costumes are required on different occasions – performance, contest or shooting. Our main intention was to create a collection of universal costumes for children, that can be used for a wide variety of ballet variations and at the same time will be affordable for many customers.

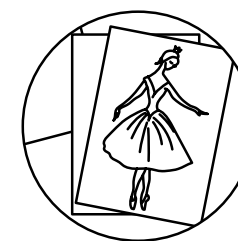

All costumes in this catalogue consist of leotard, removable 4-layer tutu and tulle sleeves. The base of our costumes stayed the same: the perfect quality of the stretch fabric and Italian tulle. We décor costumes with lace and sparkles, including Swarovski crystals. When you order a costume, it will be unique – the color scheme stays the same, but the décor elements are changing – the form of crystals and the appearance of lace will be different. Moreover, if you order for a group, we can make the décor according to your requirements.

We believe this catalogue will help you to choose the perfect costume to reach your dreams!
